Provincial Library Jan-1920

Thirteenth Year, No. 32

GLEICHEN, ALBERTA, WEDNESDAY, OCTOBER 29, 1919

Subscription \$1.50 a Year

Board of Trade to Re-Organize Wed.

Next Wednesday evening—Nov. 5th—a meeting will be held in the Town Hall at 8 o'clock for the purpose of re-organizing the Gleichen and District Board of Trade. At the present time there is great need of such an organization—good could be accomplished for both the town and district. A number of our business men recognizing this have asked the Call to announce it with the hope that every man who has the best interest of the district at heart will make a special effort to be present.

Just now there is much to be considered in connection with the building of the Agricultural School as well as many other important matters. Let us all get together and do something for the best town in the best district in the best province in the best dominion of British possession.

Show you are patriotic by being on time next Wednesday.

Help Make Our Victory Loan all It Should Be

There is opportunity for one and all to help the local committee with the Victory Loan of 1919. In fact there is more reason why everyone should help the Gleichen committee than in former years.

President Dufee and Sec. Mallory were somewhat handicapped in getting started with the sale as the stationery necessary was late in arriving here and up to this morning Mr. W. V. Wing of Cluny was the only sales captain appointed, but they are motoring throughout the district now and hope to be fully organized within a few days.

However, they have already made some bond sales, the first man buying before 10 o'clock on the morning of opening—Monday.

The sale lasts for the next three weeks and as it will be the last sale of Victory Bonds every person should try to buy up to their limit. Not is it a good investment, but you are helping yourself in helping Canada, and in the years to come you will feel you have done your "bit" in paying for the grand victory and helping our soldiers get started in life again.

Do your best in this last great effort of the war. That is all that is required and the Gleichen district will float her flag proudly.

Soon we will be unveiling the Gleichen memorial and we must have more Victory Loan flags to unfurl on that day.

OFFICIAL PROSPECTUS

"The Bridge from War to Peace"—The Prince of Wales.

THE MINISTER OF FINANCE OF THE DOMINION OF CANADA offers for Public Subscription the

Victory Loan 1919

\$300,000,000. 5½% Gold Bonds

Bearing interest from November 1st, 1919, and offered in two maturities, the choice of which is optional with the subscriber as follows:

5 year Bonds due November 1st, 1924 15 year Bonds due November 1st, 1934

Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.

Bonds may be registered as to principal or as to principal and interest, as hereinafter provided, at any of the above-mentioned offices.

Interest payable, without charge, half-yearly, May 1st and November 1st, at any branch in Canada of any Chartered Bank.

Principal and Interest payable in Gold. Denominations: \$50, \$100, \$500, and \$1,000

Issue Price: 100 and Accrued Interest,

Income Return 5½% per Annum

The proceeds of the Loan will be used to pay indebtedness incurred, and to meet expenditures to be made in connection with demobilization (including the authorized war service gratuity to our soldiers, land settlement loans, and other purposes connected with their re-establishment into civil life), for capital outlay upon shipbuilding, and other national undertakings forming part of Canada's industrial reconstruction programme, and for the establishment of any necessary credits for the purchase of grain, foodstuffs, timber and other products, and will be spent wholly in Canada.

Payment to be made as follows: 10% on application; 20% December 9th, 1919; 20% January 9th, 1920; 20% February 10th, 1920; 31.21% March 9th, 1920.

The last payment of 31.21% covers 30% balance of principal and 1.21% representing accrued interest at 5½% from November 1st to due dates of the respective instalments.

A full half-year's interest will be paid on May 1st, 1920, making the cost of the bonds 100 and interest. Subscriptions may be paid in full at the time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest at the rate of 5½% per annum.

This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.

The amount of this issue is \$300,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of \$300,000,000.

Payments

All cheques, drafts, etc., covering instalments are to be made payable to the Credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions other than those paid in full on application must be accompanied by a deposit of 10% of the amount subscribed. Official Canvassers will forward subscriptions or any branch in Canada of any Chartered Bank will accept subscriptions and issue receipts.

Subscriptions may be paid in full at the time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest to time of making payment in full. Under this provision, payment of subscriptions may be made as follows:

If paid in full on or before November 15th, 1919, par without interest or 100%.
If remaining instalments paid on Dec. 9th, 1919, balance of 90% and interest (\$90.52 per \$100).
If remaining instalments paid on Jan. 9th, 1920, balance of 70% and interest (\$70.84 per \$100).
If remaining instalments paid on Feb. 10th, 1920, balance of 50% and interest (\$51.08 per \$100).
If remaining instalment paid on Mar. 9th, 1920, balance of 30% and interest (\$31.21 per \$100).

Payment of instalments or payment in full after November 15th, 1919, can be made only on an instalment due date.

Denomination and Registration

Bearer bonds, with coupons, will be issued in denomination of \$50, \$100, \$500, and \$1,000, and may be registered as to principal. The first coupon attached to these bonds will be due on May 1st, 1920.

Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of \$500, \$1,000, \$5,000, \$10,000, \$25,000, \$50,000, \$100,000, or any multiple of \$100,000.

Payment of Interest

A full half-year's interest at the rate of 5½% per annum will be paid May 1st, 1920.

Form of Bond and Delivery

Subscribers must indicate on their applications the form of bond and the denominations required, and the securities so indicated will be delivered by the bank upon payment of subscriptions in full.

Bearer bonds of this issue will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or fully registered as to principal and interest, will be delivered to subscribers making payment in full, as soon as the required registration can be made.

Payment of all instalments must be made at the bank originally named by the subscriber. Non-negotiable receipts will be furnished to all subscribers who desire to pay by instalments. These receipts will be exchangeable at subscriber's bank for bonds on any instalment date when subscription is paid in full. All receipts must be exchanged before 1st June, 1920.

Form of Bonds Interchangeable

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds without coupons, at any time, on application to the Minister of Finance or any Assistant Receiver General.

Forms of application may be obtained from any Official Canvasser, from any Victory Loan Committee, or member thereof, or from any branch in Canada of any Chartered Bank.

Subscription Lists will close on or before November 15th, 1919

DEPARTMENT OF FINANCE, OTTAWA, October 27th, 1919.

Keep Canada's Farms and Factories Busy

HALLOWE'EN DANCE

FRIDAY, OCTOBER 31

Receiving many requests from the young men, who evidently still have a fond remembrance of mother's cooking, the Gleichen Women's Institute has decided to serve luncheon and coffee at their Hallowe'en dance in the Opera House, Friday, October 31st.

Good music, good time and good eats! What more can mortal man ask? Get your tickets now.

A. R. Tudhope will offer at auction all of J. W. D. Woodward's livestock, farm implements, furniture, etc., on Wed., Nov. 12.

Tuesday, Nov. 11, T. H. Beach will sell at public auction A. G. Saunders' entire farm implements, stock, furniture, etc.

Prepare to pay for Victory.

Victory—Bought but not paid for.

Gleichen G.W.V.A. Doings

The secretary was instructed to write Mrs. O. S. Welsh, president of the U.F.W.A. and accept her offer to look after the supper in connection with the masquerade ball to be held by the veterans in Gleichen on 19th of Dec.

The meetings of the G.W.V.A. will in future be held every Sunday in the hall that has been rented in the Larkin Block at 2 P. M.

"The Road to France" is the attraction for Saturday night and will give you something new to think about. Carlyle Blackwell and Evelyn Greeley are the stars.

COMING EVENTS

Oct 31—The Gleichen Women's Institute dance, in Opera House.

Nov. 1—"The Road to France" at Gleichen Opera House.

Nov. 3—Prof. Barry opens his class in horse training.

Nov. 5—Board of Trade re-organization.

Nov. 11—A. G. Saunders' auction sale.

Nov. 11—Armistice dance in the Gleichen Opera House, by the local G.W.V.A.

Nov. 12—J. W. D. Woodward's auction sale.

Nov. 21—The Gleichen Citizens Band dance.

8:15 the pictures start—a fair warning.

First Monday in each month Public School Trustees met.

First Thursday in each month Gleichen District Agricultural Association meets.

First Friday in each month—the Town Council meets.

Monday—Ad. changes required by noon at Call office.

N. E. Stuart & Co. CLUNY

Our store is complete and we are in a position to supply you with your requirements in dry goods, shoes and groceries. We intend to run a store that will advertise itself through service, quality and price. To do this we must get acquainted with all the people in the community and have them all get to know our store. As an inducement to get everybody in our store to see what we have and compare our merchandise as to prices and quality with what you have been buying, we are going to give a discount sufficient to justify your coming.

Beginning Saturday, October 25th, until Saturday, November 1st, we will give a 10 per cent discount on all purchases. This is to get acquainted and to get everybody to buying their supplies in Cluny.

Yours truly,

N. E. STUART & CO., Ltd.

ROYAL YEAST CAKES

Royal Yeast has been the standard yeast in Canada for over 50 years, and it is a well known fact that bread made with Royal Yeast possesses a greater amount of nourishment than that made with any other.

The 1919 Victory Loan

The people of Canada are once again asked to demonstrate their thorough-going Canadianism by subscribing to the limit of their financial ability to the Victory Loan, 1919.

Throughout the war the people of Canada never once failed to meet all demands made upon them by their country, and Western Canada in particular established a record for self-sacrificing patriotic effort unsurpassed in any province or country. Looking back over the history of the past five eventful years, the people of the West have nothing with which to reproach themselves; on the contrary, they have every reason for justifiable pride in their efforts and achievements.

The Great War is over so far as the fighting is concerned. It has ended in a triumphant victory for our cause, a victory made possible by the efforts of the five years now happily gone. But while the fighting is ended, victory achieved, and our soldiers home again, one very important part of Canada's war effort is yet uncompleted. The Victory Loan, 1919, is necessary to finish the work.

War is a tremendously expensive business, and modern warfare calls for an expenditure of money undreamed of in the centuries of the past. Canada pledged its honor to contribute all its powers, resources and wealth to the winning of the war. We said we would go to the limit of our last man and our last dollar in such a just and noble cause. Our men went, thousands gave their lives, other thousands are maimed and suffering from wounds, all require to be again established in civilian life. The soldiers have done their part. They have brought imperishable honor and glory to Canada. As soldiers their work is ended.

But Canadians who remained at home, and who, therefore, had the easier part, have still to finish their part of the work. The bills contracted to win the war must be paid. Furthermore, the expense of war did not end with the actual fighting. It cost millions to bring our soldiers home, and many more millions for pensions and re-establishment. It requires millions for reconstruction work. Other millions are necessary to finance the sale of the products of Canada during this reconstruction period throughout the world.

This money must be provided, and it must be provided by the Canadian people themselves. The Victory Loan is the medium through which this necessary provision is to be made.

When, during the war, our boys went "over the top," they had an objective before them, and he it said to the credit of Canada's soldiers that they never once failed to reach their objective. But while the "storm" troops went forward, others had to do the less spectacular but equally important work of "mopping up." All enemy dugouts, machine-gun nests,

snipers, had to be accounted for, and a general "clean-up" carried out. If this was not done, and done thoroughly, there was grave danger to the final success of the operation.

Canada as a nation has reached its objective in the winning of the war. Now the work of "mopping up" must be attended to, all bills must be paid, and adequate provision made for our soldiers, and the necessary funds provided to keep all the wheels of commerce and industry turning in this Dominion. With Bolshevism and unrest rampant throughout the world, it would be nothing short of a national calamity if business became stagnant in Canada and unemployment widespread. The result would be disastrous, and no man can foretell what the end might be. A large over-subscription to the 1919 Victory Loan will avert such a disaster.

This is not a loan to the Minister of Finance. It is not a loan to Union Government. It is a loan by the people of Canada to Canada itself. In other words, it is a loan by individual Canadians to themselves in a collective capacity. It is a loan for national purposes, and every cent of the loan will be spent in Canada and thus redistributed again to the people of Canada. Canadians will receive the interest paid on the loan, and will ultimately receive back the whole of the principal sum.

If Canadians fail to subscribe the amount required, Canada must borrow it elsewhere, and if Canadians refuse to lend their own country the money it needs, it stands to reason that other people will only loan to it at absolutely ruinous rates of interest. Furthermore, the payment of that interest abroad will constitute an annual drain upon Canada, impoverishing it, but adding to the wealth of other countries.

Canada must pay its war bills and finance its own reconstruction policies. It is far better both for the individual taxpayer and the nation that Canadians themselves should provide the principal sum to cover such expenditures, and to pay to themselves the interest charges on that national indebtedness.

Every Canadian should, therefore, strain his or her resources to purchase the largest possible amount of Victory Bonds. Quite apart from helping Canada, and maintaining our national honor and credit before the world, it will prove a first-class investment. The security is unquestioned, namely, the entire resources of the Dominion. The interest rate is good—far better than that paid by any financial institution on savings accounts.

Help Canada to "mop up" by buying Victory Bonds, 1919, to the limit of your ability.

Sure

"My wife sent two dollars in answer to an advertisement of a sure method of getting rid of superfluous fat."

"And did she get the information she wanted?"

"Sure. She got a reply telling her to sell it to the soap man." — Mystic, Conn., Times.

A druggist can obtain an imitation of MINARD'S LINIMENT from a Toronto house at a very low price, and have it labelled his own product. This greasy imitation is the poorest one we have yet seen of the many that every Tom, Dick and Harry has tried to introduce.

Ask for MINARD'S and you will get it.

Deafness in women is due to their failure to practice the art of listening.

Minard's Liniment Cures Distemper.

Of course the serpent knew things were coming his way as soon as he discovered a woman in the garden.

MEASURE YOUR NECK Before and After Taking

Old Roxleigh: What are your resources?

Nervy Sutor: Well, I have two other rich girls willing to marry me if I cannot have your daughter.

BABY HAD DIARRHOEA WAS GIVEN UP

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY CURED HER

Mothers should look well after their children during the hot summer months, as this is the time of year when the young ones are liable to all kinds of bowel complaints.

If your children have any looseness of the bowels do not experiment with new and untried remedies. Get one having stood the test of time. Fowler's Extract of Wild Strawberry has been on the market for the past 74 years. Don't accept a substitute and perhaps endanger your child's life.

Mrs. Willis Coupland, Sundridge, Ont., writes: "About four years ago my little girl, then a baby two months old, took diarrhoea. I took her to the doctor, but to no avail. After he gave her up, I read of Dr. Fowler's Extract of Wild Strawberry and immediately got a bottle. Within two days she was improving fast. I cannot over-praise it enough. I hope some poor sufferers will see this letter and lead them to a friend indeed." Price 35 cents. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

There are more thorns than roses on the path that leads to a woman's heart.

It Testifies for Itself.—Dr. Thomas' Eucalypti Oil needs no testimonial of its powers other than itself. Whoever tries it for coughs or colds, for cuts or contusions, for sprains or burns, for pains in the limbs or body, will know that the medicine proves itself and needs no guarantee. This shows why this Oil is in general use.

An old bachelor says it is better to die for a woman than to live with some of them.

How The Scrap Started

Jones stepped on Smith's favorite corn, and of course there was trouble. What Smith needed is Putnam's Corn Extractor—that painless remedy for corns and warts that cures in twenty-four hours. Putnam's is the only "standby." Try it, 25c at all dealers.

Underwork

Cause of Imaginary Maladies Which Often End in Insanity

"Overwork is bad," said a doctor, "but it's nothing like so bad as underwork."

"Overwork may slay its thousands, though I doubt it, but underwork slays tens of thousands beyond question. Underwork is the cause of neurasthenia, insomnia, fatigue waves and all that host of imaginary and yet incurable maladies which so often end in insanity or suicide."

"In the South Sea Islands the climate is perfect, nature is bountiful, and everybody can live without work. What is the result? The result is that the South Sea Islanders are feeble-minded, practically idiots."

"Andalusia is another place with a perfect climate and a perfect soil. Everything grows all the year round in Andalusia except weeds. The Andalusians devote themselves mainly to music and love-making. Result? A race of scrawny, undersized illiterates!"

Plowing Moderate Depth

Provided the plowing of the summer-fallow in the previous year has been deep, as it should be, there is little advantage in deep fall plowing for wheat. About four or five inches will bury the stubble satisfactorily and will not be so much in danger of leaving an open dry bottom to the seed bed as where a large amount of stubble is turned in too deeply. This is even more true of early spring plowing, where a moderate depth is decidedly preferable.

A dog makes almost as much noise when he barks as a man does when he barks his shins.

SUNDAY SCHOOL LESSON

LESSON FOR NOVEMBER 2

TEMPERANCE LESSON (World's Temperance Sunday)

I. The Rechabites Tested (vv. 1-5).

In the days of Jehoiakim the Lord charged Jeremiah to bring the Rechabites into the house of the Lord and test them regarding the drinking of wine. This he did in a place where the people might behold them, the aim being to teach Israel by example. The father of the Rechabites had given command that they should not drink wine. Their filial obedience put to shame the Israelites for their lack of obedience. Jonadab, the father of the Rechabites, was only a man, but the one whose commands Israel were disregarding was the Almighty God, their Creator and Savior. It is God's plan that every man be tested. Being a free agent, he only can have character through testing. It was for this reason that God placed Adam and Eve in Eden and permitted the devil to test them. While we should be concerned with the removal of temptations from men, we should be more concerned with teaching them their responsibility and showing them how to overcome.

II. The Filial Loyalty of the Rechabites (vv. 6-11).

Though they were out of their own country, in the midst of a foreign people, they refused to drink wine, declaring that they had been true to the instruction of Jonadab all their lives. Obedience to his instructions had been practiced by all men, women and children. It is a fine thing when children keep in memory their fathers' commands and render obedience to their commands.

III. The Loyalty of the Rechabites in Contrast With the Disloyalty of the Israelites (vv. 12-16).

1. The appeal (vv. 13, 14). He made the appeal on the basis of the filial loyalty of the Rechabites. He reminded them that the Rechabites were obedient, though their father was dead long ago. He also reminded them that he had spoken to them in person, rising up early to do so.

2. The ministry of the prophets (vv. 15, 16). When the people failed to render obedience to God he sent to them the prophets, who pleaded with them to amend their ways by turning away from their idols. Matthew Henry indicates the points of contrast somewhat as follows: (1) The Rechabites were obedient to one who was but a man; the Jews disobeyed the infinite and eternal God. (2) Jonadab was dead long since and could not know of their disloyalty or correct them from it. God is all-wise and lives forever and will punish for disobedience. (3) The Rechabites were never put in mind of their obligations, but God sent his prophets who rose up early to remind them. (4) Jonadab left the charge, but no estate to bear the charge; but God gave the people a goodly land and blessed them in it. (5) God never tied up his people to any hard task like Jonadab did, yet God's people disobeyed him and the Rechabites obeyed their father.

IV. Judgment Upon the Jews for Disobedience (v. 17).

God declared that he would bring judgment upon them according to what he had said. Judgment is determined upon those who disobey and rebel against God.

V. Reward of the Rechabites for Their Loyalty (vv. 18, 19).

Because they had been true to the commands of Jonadab they should have continued representation before God. God has such regard for filial obedience that he lets no act go unrewarded.

To Discover Cost of Flying

The financial possibilities of aircraft will be made clearer, and the cost of flying put on a sounder basis as the result of a flight to be held at Paris, France, soon. The course will run south from Paris to northern Spain, to northern Italy, back through France, Switzerland and Belgium to London and back to Paris again. At the end of the flight the machines will be examined and graded for security, comfort, speed, lifting power and cost of transport per ton per mile. Twenty thousand dollars will be the first prize, and there will be six others ranging from fifteen thousand to one thousand dollars.

The Flying Era

Mail-carrying airplanes are already an old story, writes A. Russell Bond, in "Inventions of the Great War." In Europe the big bombing machines are being used for passenger service between cities. There is an air line between Paris and London. The air planes carry from a dozen to as many as 50 passengers on a single trip. In some cities here, as well as abroad, the police are being trained to fly, so that they can police the heavens when the public takes to wings. Evidently, the flying era is here.

Co-operative Soldier Settlement In B.C.

Experiment Initiated By Veterans Themselves Makes Promising Progress

Three hundred officers and men returning for demobilization on the Empress of Asia evolved a scheme for co-operative settlement on the lands of British Columbia. They elaborated their scheme and presented it to the authorities. For a time they received little encouragement, but eventually they found sympathy and encouragement from the government of British Columbia. The Dominion authorities agreed to endorse the project and now four soldier settlements in the province of British Columbia are in course of development by soldier labor.

In the development of the estates, returned soldiers only are employed. Thus the problem of their employment is settled at once. When the lands are cleared and ready for occupation they will be sold to the soldiers, who will receive a \$500 rebate on the purchase price. The land settlement board has provided the lands.

Camp stores have been established by the board, and the profits of the stores are divided among the soldier settlers. When development has sufficiently proceeded, the stores will be taken by the settlers and run on co-operative principles.

Among the friends of the soldiers in British Columbia the movement is arousing the greatest interest. To the soldiers themselves it has all the fascination of creation. They have found what William James called "The moral equivalent for war." There is something to overcome—the sternness and strength of nature—something to civilize and, for their inspiration, as in the days of war, love of wives and children and comrades. They are delighted to work together and congratulate themselves that they have escaped the isolation of the old-time settler.—A. B., in Conservation.

Saskatchewan's Butter Production

Ninety-seven cars of butter, valued at \$1,215,000, were exported from Saskatchewan last year. This is an increase of eighteen cars over the number sent out of the province in 1917, and an increase of \$310,000 in value. Part of the increase in value is due to higher prices that were ruling in 1918 over those of the previous year.

Minard's Liniment Cures Garget in Cows.

A Human Picture Gallery. Perhaps the most extraordinary tattooing idea ever carried out was that of a French coachman who, at the time of the celebrated Dreyfus trial, had his body covered with no fewer than 120 illustrations of the case, including portraits of the leading personages. The work occupied nearly two years.

Just because a fellow is in the swim, don't jump to the conclusion that he has a clean record.

"My Back Is So Bad"

PAINS in the small of the back, lumbago, rheumatism, pains in the limbs all tell of defective kidneys.

Poisons are being left in the blood which cause pains and aches.

The kidneys, liver and bowels must be aroused to action by such treatment as Dr. Chase's Kidney-Liver Pills.

There is no time for delay when the kidneys go wrong, for such developments as hardening of the arteries and Bright's disease are the natural result.

One pill a dose, 35 cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

Dr. Chase's Kidney Liver Pills

A Nervous Wreck

BY DR. D. L. GRANTIER.

How many business men feel fagged out, nervous, with a "soggy brain"—worn out completely before the day and its tremendous tasks are half over? Try the right way! Clean the body first. That will help your nerves, your head and your circulation. Your doctor will tell you that anything from a headache or a

common cold to grippe or a serious illness may result from allowing food to ferment in the intestines. Don't give the body a chance to absorb the poisons. Remove the toxins from the system and give the tissues of the body aid to resist disease by taking an occasional laxative such as castor oil, or a tiny pill made up of May-apple, aloin, jalap, and sold by most druggists as Dr. Pierce's Pleasant Pellets.

The kidneys and bladder suffer from the wear and tear, and we get chronic inflammations sometimes indicated by backache, painful voiding of water—dull, heavy feelings. Perhaps the uric acid is stored up in the system in excessive amount, and consequently when the urate salts are deposited in muscles and joints one suffers from lumbago (pain in back), rheumatic pains, gout, etc.

Nothing will act so nicely as "Anuric" (anti-uric-acid), a recent discovery of Dr. Pierce's which can be had at all drug stores. "Anuric" washes away the poisons, cleanses the bladder and kidneys—rendering them antiseptic—consequently one is soon cured of lumbago, rheumatism, gout, and the body is put into a clean, healthy state.

Increased Bank Clearings

The continued and increasing prosperity of Saskatchewan is reflected in the bank clearings at Saskatoon during the past month, when an increase of more than two and a half million dollars over the clearing house figures for September of last year, or practically forty per cent, was announced. This financial increase is general throughout the province and is indicative of the progress and success of its population.

The Goodness of Apples

Because we like apples we use them, but apart from that we use them because they contain healthful acids, needed minerals including iron, lime and sulphur, many calories of energy, and some real nutrition.

True, an apple is 85 per cent. water, but so is milk, and the apple has 13 per cent. of sugar and starches.

THE FALL WEATHER HARD ON LITTLE ONES

Canadian fall weather is extremely hard on little ones. One day is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Work of Big Berthas

The total casualties in Paris resulting from air raids and by shells thrown by German long-distance guns, were 521 persons killed and 1,224 wounded.

Miller's Worm Powders will drive worms from the system without injury to the child. The powders are so easy to take that the most delicate stomach can assimilate them and welcome them as speedy easers of pain, because they promptly kill the worms that cause the pain, and thus the suffering of the child is relieved. With so sterling a remedy at hand, no child should suffer an hour from worms.

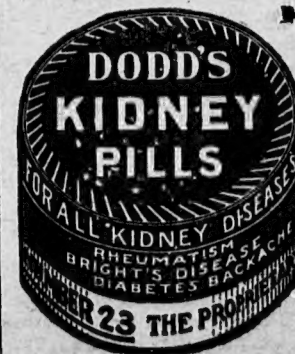

Banks' Gold Supply

Some Statistics as to Location of Supplies in Europe

By the latest reports received the National Bank of Germany holds \$309,000,000 less gold than it held a year ago; the Bank of Italy, \$30,000,000 less; the Bank of the Netherlands, \$27,000,000 less, and the Bank of Austria's total of \$50,000,000 is practically unchanged. On the other hand, the Bank of England now holds \$102,000,000 more gold than at this date in 1918; the Bank of Spain, \$41,000,000 more; the Bank of Switzerland, \$17,000,000 more; the Banks of Norway and Sweden, \$19,500,000 more; the Bank of Greece (including balances abroad), \$150,000,000 more, and the Bank of Japan \$25,000,000 more.

Some women who see things just as they are drive men to seeing double.

Some men pray for their friends and others prey upon them.

A Well-Balanced Cereal

That is what Grape-Nuts food is called, because it supplies the vital mineral elements so often lacking in other foods.

Grape-Nuts

provides all the goodness of wheat and barley. It's easily digested and has a wonderfully likable flavor.

"There's a Reason" for Grape-Nuts. At all Grocers.

British Government May Not Resign

London.—The country is suddenly faced with the possibility of the resignation of the government "or the dissolution of parliament, owing to the quite unexpected defeat of the government in the House of Commons by a majority of 72. Only about half the members were present, and the vote by which the government was defeated was 185 to 113.

The Allen Bill, the earlier stages of which were disposed of during the summer session, was in the report stage. The committee had previously inserted an amendment withholding pilotage certificates from all aliens, and the government sought by amendment to modify this restriction in favor mainly of a number of French pilots, for whom special provision had been made in the existing Pilotage Act. This amendment, however, was defeated, although in charge of government whips.

The announcement of the figures was greeted with loud cheers from the opposition quarters, and caused much excitement. Andrew Bonar Law immediately moved adjournment to enable the government to consider what course it should adopt. He admitted that the defeat of an amendment with government whips was a serious matter requiring consideration, but he declined to admit that it necessarily implied the resignation of the ministry. This, he declared, would depend upon the view of the House of Commons as a whole.

Opinions on the situation, as expressed in the lobbies, are conflicting, but, in view of the small attendance in the house it is thought that the government may decide not to resign.

French Ex-Premier to Be Tried January

Caillaux Will Be Charged With Intrigue to Bring About Dishonorable Peace

Paris.—Joseph Caillaux, former Premier of France, on January 14 next is to face his accusers on a charge of intrigue to bring about a premature and dishonorable peace with Germany.

This was decided by the senate, sitting as a high court. The decision to set the trial for January was reached by a vote of 89 to 67.

The high court declined to accede to Caillaux' request for provisional liberty during the campaign for the chamber of deputies election, the vote on this question being 100 to 36.

He has announced his candidacy for deputy for the department of Sarthe.

Curzon and Balfour Change Portfolios

London.—It is officially announced that Earl Curzon has been appointed Foreign Secretary, in succession to Arthur J. Balfour. Mr. Balfour has been appointed Lord President of the Council to succeed Earl Curzon.

London.—According to official advice, the Estonians captured 500 prisoners, three guns and much material in the Pskov and Ostrov region.

U.F.O. Do Not Favor Coalition

Toronto. — There will be no alliance of the United Farmers of Ontario in the legislature with either the Conservatives or Liberals, but they may join with individual members of the old line parties in forming a government. This decision was arrived at by the members-elect of the United Farmers and U.F.O.-Labor after a lengthy session.

Following is the official statement of United Farmers of Ontario, issued by Secretary J. J. Morrison:

"The members-elect of the United Farmers of Ontario, after discussing the matter, have decided that it would be unwise for them to enter into alliance with either of the old parties. They are prepared to assume the fullest share of responsibility and form a government in co-operation with such members of other parties as are in sympathy with their platform and principles, and are free to give support thereto.

"In the formation of a cabinet, full consideration will be given to the various interests of the province."

Revised standing of new Ontario legislature follows:

The Kaiser's Telegram

Declared Breach With America Could Not Be Prevented and Could Not Be Helped

Berlin.—President Wilson's peace offer was a matter of little concern to the German Emperor, according to the evidence presented before the subcommittee investigating the war. Furthermore, the intervention of the United States apparently was not seriously considered by the emperor.

The incident caused a sensation and occurred during the examination of Count von Bernstorff, former German ambassador at Washington. The Socialist deputy, Dr. Sinnsheimer, turned toward von Bernstorff and said:

"The Kaiser's telegram, to which you refer, dated January 16, 1917, and addressed to Herr Zimmermann, foreign secretary, says:

"His majesty instructs me to thank you for your communication. His majesty does not care a bit about President Wilson's offer. A breach with America cannot be prevented, it cannot be helped. Events are developing."

There was much excitement at the hearing when the message was read. Dr. Helfferich, former vice-chancellor, whispered "Nonsense."

Dr. Sinnsheimer maintained that the peace conditions sent to President Wilson on January 28, 1917, which were said to be the same as Germany offered on December 31, 1916, were really nothing like them. Everyone present appeared astounded at this statement, and Count von Bernstorff exclaimed excitedly:

"Then I am told this today for the first time."

End of Bolshevism

Position of Volunteer Army, Despite Few Failures, Said to Be Brilliant

London.—A wireless message sent by General Denikine, anti-Bolshevik leader in South Russia, contains a message from Gen. Shkuro, which says:

"The position of the volunteer army is brilliant. It is quite evident the end of Bolshevism is at hand."

The wireless dispatch adds the Reds began hastily to fortify the suburbs of Tula, when at a meeting Leon Trotsky, Bolshevik minister of war, declared that a general battle must be fought outside of the town.

Reduction of Farm Hours Opposed

London.—The central and associated chambers of agriculture have adopted a resolution warning the government that any reduction of the hours of the agricultural workers would seriously limit the increase in food growing, increase the cost of living, and diminish employment on the land.

German-Austria Title Abolished

Vienna.—The National Assembly adopted an act abolishing the name of "German-Austria" for the nation and substituting the title "Republic of Austria." The Pan-German party offered violent opposition to the change.

Newspaper Changes In U. S. Probable

Serious Newspaper Shortage Must Result in Drastic Conservation Policies

New York.—S. S. Carvalho, one of the foremost newspaper publishers in the United States, in an interview to "Editor and Publisher," predicts that the serious newspaper shortage and the consequent advance in price must result in drastic conservation policies if the newspaper publishing business is to continue on a sound business basis, and hundreds of newspapers are to be saved from suspension. Increased subscription rates, higher advertising rates and smaller newspapers are, in Mr. Carvalho's opinion, inevitable if publishers are going to meet even part way the increased cost of production as represented by the enormous advances in wages, newsprint, machinery and other commodities, and service necessary to the production of a newspaper.

Evacuation of Two Big Towns Ordered

Col. Avaloff-Bermond Declares He Has Offered an Armistice to the Letts

Berlin.—The British naval commander at Libau, says a dispatch from Reval, Estonia, has sent a demand to Col. Avaloff-Bermond to evacuate Ust, Dvinsk (Dunamonde) and Thoresberg, west of Riga.

Col. Avaloff-Bermond, in reply, said that after successfully safeguarding a strategic base for an offensive against the Bolsheviks, he had offered an armistice to the Letts October 10.

He requested that his endeavors to obtain an armistice should be supported.

Britain Supplied War Material to Russians

Tremendous Number of Guns and Ammunition Has Been Sent

Vladivostok.—General Knox, chief of the British military mission, in a statement to the Russian Telegraph Agency at Omsk, says:

"Great Britain has furnished the Siberians and General Denikine with great quantities of munitions—hundreds of thousands of rifles, hundreds of thousands of cartridges, hundreds of thousands of machine guns, as well as several hundred thousand sets of uniforms and equipments. Each cartridge fired this year by Russian soldiers was made in England, by English material and by English workers, the supplies being shipped to Russia on English steamers."

Occupation Plans Outlined by Foch

Transportation of Allied Troops Will Be Completed By November

Paris.—Marshal Foch appeared before the supreme council to outline the preparations for the military occupation of regions in which, according to the peace treaty, plebiscites will be held, and other military measures involved in the coming into effect of the treaty. There is reason to believe that the concentration and transportation of allied troops which are to occupy the areas will be ended by the beginning of November, so that the treaty could then be put into effect.

Hun Soldiers to Face Trial

Paris.—The first two members of the German military forces charged with crimes during the German occupation of France have arrived at Lille, to stand trial. They are a non-commissioned officer named Straus and Lieut. von Linden, charged with theft and other offences at Halluin and Roubaix respectively. They have been lodged in the Lille citadel pending trial.

Oppose State Purchase of Liquor

London.—Addressing the annual gathering of the United Kingdom Alliance, perhaps the most influential prohibition association here, President Lief Jones declared that any statesman who brought a measure for the nationalization of the drink traffic would not last a fortnight. A delegate who advocated a state purchase encountered much opposition. "Pussy-foot" Johnson addressed the meeting.

Riots Resumed in New York

New York.—Rioting broke out again around the Lexington theatre, when for the second time in a week the Star Opera company produced German opera over the protest of veterans of the world war.

General French Condemns Sinn Feiners

Declares "Government" Has a Strong Army Comprised of Assassins

London.—Speaking at Wallasey, Cheshire, Field Marshal Viscount French, Lord Lieutenant and Governor-General of Ireland, made a bitter attack upon the Sinn Fein government of Ireland. Among other things, he said:

"The self-constituted, illegal and insane Sinn Fein government is possessed of a great secret army called the 'Irish Volunteers,' to which are attached assassins whose business it is to murder policemen and soldiers who question their decrees in any community. The people are frightened into screening the offenders, and courageous efforts on the part of the police are abortive. We are anxious to give self-determination and to be faithful and just to all, but little can possibly be done until the law and order are established. When the people hear of 'coercion' I hope they will consider the matter in a just light."

Plenty of Sugar Soon

Supply Coming to Satisfy West for Six Months

Vancouver.—That the sugar shortage in British Columbia will be materially relieved within the next two months is evident from a statement made by B. D. Rogers, of the British Columbia Sugar Refinery, who said that starting next month a considerably larger quantity would be available, and notice to this effect would be sent to the wholesalers by the week-end. Two vessels from Fiji are on the way, the first carrying seven hundred tons, due here October 27, and the second, with 2,300 tons, coming a week later. Then will follow several cargoes of Peruvian sugar. As to the future, he stated that sufficient raw material is in sight to assure Western Canada an ample supply for the first half of next year.

"Statements have been made before the local board of commerce," said Mr. Rogers, "that there is no shortage of sugar here and that sugar can be bought cheaper in Winnipeg than in this city. Both of these statements are equally untrue. We are doing no exporting from our refinery and were we to ship to Winnipeg the wholesalers would be charged on the Vancouver basis plus freight charges."

"There are four causes, as far as we are concerned, for the present shortage," he continued, "and these are as follows: Re-entry of European nations into the world markets as consumers and not producers; failure of the British India crop, involving the loss of a million tons; increased consumption due to prohibition and action of the United States government in securing the bulk of the world's available supply for their own use."

Will Avoid Politics

Prince Promises to Be Simple Sort of Farmer

London, Ont.—With the Prince of Wales its animated centre, a mob of cheering, laughing, struggling people swept the streets of London, swarming about and over the autos in the procession, climbing on running boards and mudguards in their eagerness to welcome the royal visitor.

At the civic reception at the Tecomseh hotel, the Prince addressed a big gathering, referring to his hope that he may be able to make of himself a good Canadian farmer and adding a playful promise that he would keep out of politics and controversies over the tariff. In part he said:

"I have been a farmer in the main since I landed in Canada two months ago, because I went West very soon after my arrival and did not linger long in Ontario, and the West is essentially a land of agriculture. Farmers, I believe, in all respects see eye to eye with manufacturers and business men. As you probably know, I have just bought a ranch in Alberta, and you therefore may expect me to develop strong views about such things as tariffs, which may differ somewhat from your own views. I should like, therefore, to reassure you at once by promising to be a very simple sort of farmer, who will not go into politics at all."

"To be serious, I am genuinely delighted at having this chance to see a very little of the great industrial centres of Eastern Canada, for I know the importance of their industries to the future of the Dominion as a whole."

It is estimated that the coal areas of Canada are 7,500 square miles in extent and contain twenty billion tons of coal.

Menonites Must Comply With Law

No Deviation From Enforcing School Attendance Act

Winnipeg.—There will be no deviation from the rule of enforcing the School Attendance Act in Manitoba, and Menonites, like other sections of the community, will have to comply with the law, Dr. Thornton, minister of education, told a delegation of Menonites which requested the government to postpone enforcement.

The visit was the result of developments in the municipality of Hanover, Man., following legislation enacted at the last session of the legislature. Previously Hanover had no public schools, but the government has mapped out the whole district into public school areas and two schools are already in operation and two others nearing completion.

Committee on Execution of Treaty

Lord Derby Appointed as Delegate to Represent Great Britain

Paris.—The nominations of various delegates to the committee on interpretation and executions of the German peace treaty were put on record by the supreme council. The nominations registered were:

Italy—Count Bonin-Longare, the ambassador to France, and Signor Pisano.

France—Stephen Pichon, the foreign minister, and Philippe Berthelot, political director of the foreign office.

Great Britain—Lord Derby, the ambassador to France.

Japan—Baron Matsui, ambassador at Paris.

Sufferings in Russia

Men, Women and Children Are Falling Dead in the Streets From Hunger

Paris.—Pictures of Moscow's hunger are given in the Figaro by a Russian princess arriving from Russia. "I will not speak of the terrible revolting and odious things that passed in the streets of Moscow," she said, "but only of the hunger incidents I saw with my own eyes and which were repeated day after day. I met a woman and child, ragged and thin as skeletons, the child crying constantly with an unchanging expression of terror. The mother said that the child was hungry and asked for a piece of bread as they had not eaten for twenty-four hours. I opened my purse, but the woman turned away saying, 'No, not money, but bread.'"

"Another time I saw a blonde-haired young girl with arms outstretched, leaning like a living crucifix against a wall and murmuring, 'I am hungry.' Next day she died. "I have seen children, hardly clothed, hollow-cheeked, and with forms like shadows, on their knees in the street trying to pick from the paving stones grains of wheat that had fallen from a torn sack. I have seen before bakeries—men, women and children stretched on the cold stones, waiting through days and nights their turn to get their meagre ration of bread, and then often falling exhausted and dying at the door steps before they received it."

British Embassy in Berlin

London.—Walford H. Selby has been appointed provisional representative of the British Government in Berlin. He will open the embassy in Berlin as soon as the peace treaty becomes effective. The Associated Press was officially informed to this effect.

Australian Gratuity

Brisbane, Australia.—Premier Hughes in a speech here announced that the soldiers' gratuity of eightpence a day would be paid in negotiable bonds carrying 5½ per cent. interest. The gratuity would cost the Commonwealth twenty-five million pounds sterling.

Bolsheviks Defeated

London.—The Bolshevik forces have been flung back in the Kamishin section, losing 3,000 men, who were taken prisoner, and many machine-guns, according to Gen. Denikine's wireless message. Extremely fierce fighting is reported in that district.

Refuse German Request

Berlin.—The Supreme Council has refused a request from the German government that members of the inter-allied commissions in Germany should not wear uniforms after the peace treaty comes into effect.

W. N. U. 1287

Naval Defence For The British Empire

Austrian Constitution Is Amended

Dr. Otto Bauer Chosen Chairman of Commission to Frame New Constitution

Vienna.—The national assembly has eliminated from the constitution adopted recently the provision declaring Austria to be a composite part of Germany. The elimination was determined upon to meet the terms of the peace treaty.

Dr. Otto Bauer, who last week resigned as minister of socialization, has been chosen chairman of a commission to frame a new constitution for Austria.

Bulgaria Wants Trial Of Ex-Emperor

Demands the Arrest and Trial of King Ferdinand

Geneva.—A dispatch received here from Belgrade says the powerful peasant party in Bulgaria demands the arrest and trial of King Ferdinand, and also of former Premiers Radoslavoff and Malinoff, as being responsible for the war and leading Bulgaria into misery and the loss of provinces. According to the dispatch, confiscation of all the royal possessions is demanded.

Sir Adam Beck May Retire

Will Not Stay as Chairman Of Hydro-Electric Unless With a Sympathetic Government

Toronto.—Sir Adam Beck, interviewed, said he knew nothing of the discussion of the newspapers concerning his future course. He intimated that it was very doubtful if he would remain as chairman of the hydro-electric commission.

"On no account will I stay, except I am assured of a government that is in full sympathy with and behind the power development and hydro-radial projects," he said. "It would be useless to attempt to go on otherwise."

Delegates from Austria and Germany

Berlin.—The German and Austrian governments, it is learned, have decided to send delegates to the Washington Labor Conference, inasmuch as the supreme council of the allies has recommended their admittance as fully qualified members.

The delegates of the two nations probably will leave together for Washington soon.

Ottawa.—All Canadian ships sailing for ports in the United Kingdom will be obliged in future to carry a wireless installation and wireless operators, in order to conform to the requirements of an act passed by the British parliament.

Final Efforts To Avert Miners' Strike

Warships Bombarding Fortress of Kronstadt

French Vessels Reported Active on Forth; Are Able to Keep Beyond Range of Fortress Artillery

Copenhagen.—A dispatch to the Politiken from Helsingfors reports that French warships are bombarding Kronstadt. They are able to keep beyond range of the fortress artillery, owing to the long range of their guns.

Spanish King to Visit London

King Alfonso Likes English Life and English Sports

London.—The King and Queen of Spain are expected to arrive here for an indefinite visit. The King prefers to play the part of a private individual, rather than that of an official visitor during his London sojourn, and will stay at the Ritz hotel.

The king will spend some time shooting with the Duke of Westminster.

King Alfonso like English life and English sports. He goes about the streets shopping like any tourist and picks up a cab when he needs one. The former King Manuel of Portugal and the Duke of Westminster are his intimates in England.

Melbourne.—Admiral Jellicoe's report upon the question of naval defence for the British Empire and her colonies in the Pacific ocean and Far East is now before the Australian House.

Lord Jellicoe assumes throughout the report that future danger to the empire and her colonies lies in the Pacific and the Far East. The second dominant note in the report is his insistence of the value of capital ships as the chief weapon at sea. Lord Jellicoe's apparent assumption regarding Canada is that she will readily put her share into vessels and their upkeep.

It is probable that the first vessels for both Canada and Australia will be a gift from the British fleet. He recommends that there be an Australian fleet of two battle cruisers, eight light cruisers and 13 destroyers, besides eight submarines and other subsidiary craft. This is based on the conception of an imperial Far East sea-going fleet, comprising vessels of the royal navy, the East Indian squadron and the Australian, Canadian and New Zealand navies. Upon these Britain would pay 74 per cent, while Australia would contribute 7.75 per cent, Canada 12.3 per cent, and South Africa and New Zealand the balance.

While Canada's percentage is thus fixed at a comparatively high figure, Lord Jellicoe proposes to bring up the charge against Australia and New Zealand by an additional assessment in view of the fact that they are not called upon to pay any share of the cost in the Atlantic, by asking these colonies to bear 25 per cent of the 74 assumed by the British in the Far East.

Bolshevik Destroyers Sunk

Three Hundred and Forty-six Lives Lost During Attack in Gulf of Finland

Stockholm.—Three hundred and forty-six lives were lost when two Bolshevik destroyers, in an attack on Estonian craft and British destroyers in the Gulf of Finland, struck mines, according to the Estonian official communication.

Four destroyers, fitted for minelaying, the communication adds, left Kronstadt with the object of supporting a landing of troops.

Wants Russia to Make Peace Offer

London.—Michael Terestchenko, former minister of foreign affairs in Russia, who fled to Sweden from his native country in 1918, has proposed to the state council at Moscow that a peace offer be made to the enemies of Russia, according to a wireless dispatch received here from Berlin. It is reported an official representative of the United States is in Moscow and is willing to submit the offer to the allies.

Washington.—While committees representing miners and operators, making a final effort to avert the strike of half a million miners on November 1, were on the verge of parting for good, Secretary of Labor Wilson held them together, overnight at least, with a wage increase proposal that ignored union demands for a 34-hour week.

There was every assurance that the operators would accept it, and every indication that it would be rejected bodily by the miners.

Refusal of the miners to accept will bring the conference to a close and force government officials to resort to other means to prevent the closing of the mines with the first approach of winter.

Secretary Wilson's offer, which prevented acute disruption of the proceedings, set forth the following:

That wages be increased at the expiration of the present contract in an amount equal to the differences between increases in wages received by the mine workers since July, 1914, and the increase in the cost of living since that date.

That the increase be effective from the termination of the present agreement until March 31, 1920.

That on these conditions the strike order be withdrawn and that the miners continue at work on these terms; that negotiations be entered into at the usual time for making the new scale effective after March 31, 1920.

Your Share of Victory Bond Interest Nov. 1st.

The Dominion Government will distribute \$2,250,000 in interest upon Canada's Second Victory Loan on Nov. 1. Be prompt in clipping your interest coupons.

Any of our 380 Branches will cash these coupons for you. You should use the proceeds from your clippings to start a savings account with us or add to the account already started. You already know the value of thrift.

WEDNESDAY, OCTOBER 29, 1919

Canada's Big Drive

Canada's big drive for the \$300,000,000 that will enable her to pay her war bills and carry the country safely through the reconstruction period with no cessation of the present prosperity commenced Monday.

On that day canvassers throughout the Dominion from the Atlantic to the Pacific and as far north as Hudson's Bay and the Yukon, started their rounds of the homes of Canada. It will be the duty of all Canadians who have the welfare of their country at heart to greet them cordially. Because cause in them will be represented the Dominion's very urgent appeal for money.

The campaign will last three weeks. During that time it will be carried into every corner and center of Canada. If you are not visited by one of the army of canvassers you will be able to make your investment in this new issue by obtaining application forms from any Victory Loan committee or from the branches of any chartered Canadian bank.

The details of the loan are as follows: Canada offers for public subscription \$300,000,000 worth of 5 1/2 per cent. gold bonds at par, bearing interest from Nov. 1, 1919, and offered in two maturities—five years and 15 years; the choice of which is optional with the subscriber. The interest will be payable half-yearly without charge on May 1 and Nov. 1, at any branch in Canada of any chartered bank.

The denominations of the bonds are \$50, \$100, \$500 and \$1,000. Subscriptions may be paid in full at the time of application or on any of the following dates: 10 per cent on application, 20 per cent Dec. 9, 1919, 20 per cent Jan. 9, 1920, 20 per cent Feb. 10, 1920, and 31.21 per cent March 9, 1920. The latter includes 30 per cent balance of principal and 1.21 per cent representing accrued interest at 5 1/2 per cent from Nov. 1, 1919, to due dates of the respective instalments. A full half year's interest will be paid on May 1, 1920, making the cost of the bonds 100 and interest.

Of the \$300,000,000 and over that will be raised every cent will be spent in Canada. The proceeds will be used to pay the indebtedness incurred during the war and to meet the expenditures to be made in connection with demobilization and the re-establishment of our soldiers in civil life. This will include the gratuities and land settlement loans. Other expenditures include the national shipbuilding and railway construction programmes and other national undertakings forming part of the Dominion's industrial reconstruction plans, the Halifax relief fund, and for the establishment of credits abroad so that we may dispose of our huge surplus of foodstuffs, timber, manufactured articles and other products.

The need for money is urgent. And in subscribing the citizen will not only be doing Canada a real patriotic service but will be making an investment that cannot be equalled, because as security behind the bonds offered there is the entire wealth of Canada.

THREE ESSENTIALS

"We must have courage and determination and must summon the necessary unanimity" said a distinguished British statesman the other day, in counselling his countrymen on the necessity of maintaining her trade. These words might just as well have been uttered by a Canadian statesman, for the qualities named are all essential to this country at the present juncture. Canada is now offering the 1919 Victory Loan and it must be pushed through to success with courage, determination and absolute unanimity, if Canada is to prove worth of her opportunity.

Great opportunities for trade lie within the grasp of Canada if her farmers, wage-earners, merchants and manufacturers have foresight enough to reach for them. On the maintenance of our great overseas trade built up during the war rests our ability to carry on. One of the great objects of the Loan apart from the rehabilitation of the returned soldier, is the raising of the capital necessary to enable the Government of Canada to

continue its system of credits to Great Britain, France, Belgium and other countries, and at the same time pay cash to the Canadian producer. On these credits our present and future trade depends and all Canadians must unite to ensure an ample subscription to the 1919 Loan which alone will render them impossible.

Twenty Billions of National Wealth behind the Victory Loan 1919.

Lead the crippled soldier a hand—Buy Victory Bonds.

He has one leg! You have two hands to help him—hands to hold Victory Bonds.

Peace and Prosperity—via the Victory Loan.

Are you saving? Victory Loan is coming.

Spend sparingly—Save for Victory Bonds.

NOTICE To Creditors and Claimants

In the estate of John Melvin Aasgard, late of Milo, Alberta, Farmer, deceased.

Notice is hereby given that all persons having claims on the estate of the said John Melvin Aasgard who died 4th April, 1919, are required to file with the undersigned by the seventh day of November, 1919, a full statement, duly verified, of their claims and of any securities held by them, and that after that date the administrator of his estate will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or brought to his knowledge.

BUY AN IRRIGATED FARM FROM THE CANADIAN PACIFIC RAILWAY BECAUSE:

Irrigation makes the farmer independent of rainfall, and in sure good crops, not occasionally, but every year.

Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures good returns in dairying and mixed farming.

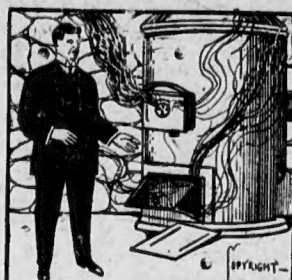

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever in intelligently applied.

This is the most liberal offer of irrigated farm land on record. For full particulars apply to

ALLAN CAMERON, Gen. Supt. of Lands
Canadian Pacific Railway, Dept. of Natural Resources, 928 1st. St. E.
CALGARY, ALBERTA

You can buy irrigated land from the Canadian Pacific Railway at prices up to \$50 per acre, with 20 years to pay and the privilege of a loan of \$2,000 for improvements (6% interest) - no principle after first payment until end of fourth year, reduced interest if settlement conditions are complied and no water rental for first year. Contract can be paid off before maturity if desired.

The Gleichen Meat Market Announcement

I would like to draw your attention to the new Gleichen Meat Market, which is now open for business, and respectfully ask for a share of your business. If you will give the Gleichen Meat Market a trial order I am sure you will find everything satisfactory for the aim is to please you all the time.

Already there is on hand a large assortment of Fresh and Cured Meats to choose from.

Hams and Bacon and all kinds of Cooked meat. Lard in any quantity, both pure and compound. Fresh Fish every Friday.

Cured Fish of every kind always in stock. Pickled Tongue and Tripe, Etc.

Special on Thursday
Fresh Oysters.

Everything in the meat line that is good for mankind to eat will be found here.

The Gleichen Meat Market
VICTOR W. BECKWITH, Prop.

ESTABLISHED 1872

The coming of Peace means the beginning of a reconstruction period. Turn-to agriculture and manufacturing development is possible in Canada. The Bank of Hamilton takes its place as a purely Canadian financial institution, ready to support and encourage increased production along legitimate lines.

BANK OF HAMILTON

Milo Branch - A. Melvor, Act.-Mgr.

British Government May Not Resign

London.—The country is suddenly faced with the possibility of the resignation of the government, or the dissolution of parliament, owing to the quite unexpected defeat of the government in the House of Commons by a majority of 72. Only about half the members were present, and the vote by which the government was defeated was 185 to 113.

The Alien Bill, the earlier stages of which were disposed of during the summer session, was in the report stage. The committee had previously inserted an amendment withholding pilotage certificates from all aliens, and the government sought by amendment to modify this restriction in favor mainly of a number of French pilots, for whom special provision had been made in the existing Pilotage Act. This amendment, however, was defeated, although in charge of government whips.

The announcement of the figures was greeted with loud cheers from the opposition quarters, and caused much excitement. Andrew Bonar Law immediately moved adjournment to enable the government to consider what course it should adopt. He admitted that the defeat of an amendment with government whips was a serious matter requiring consideration, but he declined to admit that it necessarily implied the resignation of the ministry. This, he declared, would depend upon the view of the House of Commons as a whole.

Opinions on the situation, as expressed in the lobbies, are conflicting, but, in view of the small attendance in the house it is thought that the government may decide not to resign.

French Ex-Premier to Be Tried January

Calliaux Will Be Charged With Intrigue to Bring About Dishonorable Peace

Paris.—Joseph Calliaux, former Premier of France, on January 14 next is to face his accusers on a charge of intrigue to bring about a premature and dishonorable peace with Germany.

This was decided by the senate, sitting as a high court. The decision to set the trial for January was reached by a vote of 89 to 67.

The high court declined to accede to Calliaux' request for provisional liberty during the campaign for the chamber of deputies election, the vote on this question being 100 to 36.

He has announced his candidacy for deputy for the department of Sarthe.

Curzon and Balfour Change Portfolios

London.—It is officially announced that Earl Curzon has been appointed Foreign Secretary, in succession to Arthur J. Balfour. Mr. Balfour has been appointed Lord President of the Council to succeed Earl Curzon.

London.—According to official advice, the Estonians captured 500 prisoners, three guns and much material in the Pskov and Ostrov region.

U.F.O. Do Not Favor Coalition

Toronto.—There will be no alliance of the United Farmers of Ontario in the legislature with either the Conservatives or Liberals, but they may join with individual members of the old line parties in forming a government. This decision was arrived at by the members-elect of the United Farmers and U.F.O.-Labor after a lengthy session.

Following is the official statement of United Farmers of Ontario, issued by Secretary J. J. Morrison:

"The members-elect of the United Farmers of Ontario, after discussing the matter, have decided that it would be unwise for them to enter into alliance with either of the old parties. They are prepared to assume the fullest share of responsibility and form a government in co-operation with such members of other parties as are in sympathy with their platform and principles, and are free to give support thereto.

"In the formation of a cabinet, full consideration will be given to the various interests of the province."

Revised standing of new Ontario legislature follows:

The Kaiser's Telegram

Declared Breach With America Could Not Be Prevented and Could Not Be Helped

Berlin.—President Wilson's peace offer was a matter of little concern to the German Emperor, according to the evidence presented before the subcommittee investigating the war. Furthermore, the intervention of the United States apparently was not seriously considered by the emperor.

The incident caused a sensation and occurred during the examination of Count von Bernstorff, former German ambassador at Washington. The Socialist deputy, Dr. Sinzheimer, turned toward von Bernstorff and said:

"The Kaiser's telegram, to which you refer, dated January 16, 1917, and addressed to Herr Zimmermann, foreign secretary, says:

"His majesty instructs me to thank you for your communication. His majesty does not care a bit about President Wilson's offer. A breach with America cannot be prevented, it cannot be helped. Events are developing."

There was much excitement at the hearing when the message was read. Dr. Helfferich, former vice-chancellor, whispered "Nonsense."

Dr. Sinzheimer maintained that the peace conditions sent to President Wilson on January 28, 1917, which were said to be the same as Germany offered on December 31, 1916, were really nothing like them. Everyone present appeared astounded at this statement, and Count von Bernstorff exclaimed excitedly:

"Then I am told this today for the first time."

End of Bolshevism

Position of Volunteer Army, Despite Few Failures, Said to Be Brilliant

London.—A wireless message sent by General Denikin, anti-Bolshevik leader in South Russia, contains a message from Gen. Shkuro, which says:

"The position of the volunteer army is brilliant. It is quite evident the end of Bolshevism is at hand."

The wireless dispatch adds the Reds began hastily to fortify the suburbs of Tula, when at a meeting Leon Trotsky, Bolshevik minister of war, declared that a general battle must be fought outside of the town.

Reduction of Farm Hours Opposed

London.—The central and associated chambers of agriculture have adopted a resolution warning the government that any reduction of the hours of the agricultural workers would seriously limit the increase in food growing, increase the cost of living, and diminish employment on the land.

German-Austria Title Abolished

Vienna.—The National Assembly adopted an act abolishing the name of "German-Austria" for the nation and substituting the title "Republic of Austria." The Pan-German party offered violent opposition to the change.

Newspaper Changes In U. S. Probable

Serious Newspaper Shortage Must Result in Drastic Conservation Policies.

New York.—S. S. Carvalho, one of the foremost newspaper publishers in the United States, in an interview to "Editor and Publisher," predicts that the serious newspaper shortage and the consequent advance in price must result in drastic conservation policies if the newspaper publishing business is to continue on a sound business basis, and hundreds of newspapers are to be saved from suspension. Increased subscription rates, higher advertising rates and smaller newspapers are, in Mr. Carvalho's opinion, inevitable if publishers are going to meet even part way the increased cost of production as represented by the enormous advances in wages, newsprint, machinery and other commodities, and service necessary to the production of a newspaper.

Evacuation of Two Big Towns Ordered

Col. Avaloff-Bermond Declares He Has Offered an Armistice to the Letts

Berlin.—The British naval commander at Liban, says a dispatch from Reval, Estonia, has sent a demand to Col. Avaloff-Bermond to evacuate Ust, Dvinsk (Dunamonde) and Thorenberg, west of Riga.

Col. Avaloff-Bermond, in reply, said that after successfully safeguarding a strategic base for an offensive against the Bolsheviks, he had offered an armistice to the Letts October 10.

He requested that his endeavors to obtain an armistice should be supported.

Britain Supplied War Material to Russians

Tremendous Number of Guns and Ammunition Has Been Sent

Vladivostok.—General Knox, chief of the British military mission, in a statement to the Russian Telegraph Agency at Omsk, says:

"Great Britain has furnished the Siberians and General Denikin with great quantities of munitions—hundreds of thousands of rifles, hundreds of thousands of cartridges, hundreds of thousands of machine guns, as well as several hundred thousand sets of uniforms and equipments. Each cartridge fired this year by Russian soldiers was made in England, by English material and by English workers, the supplies being shipped to Russia on English steamers."

Occupation Plans Outlined by Foch

Transportation of Allied Troops Will Be Completed By November

Paris.—Marshal Foch appeared before the supreme council to outline the preparations for the military occupation of regions in which, according to the peace treaty, plebiscites will be held, and other military measures involved in the coming into effect of the treaty. There is reason to believe that the concentration and transportation of allied troops which are to occupy the areas will be ended by the beginning of November, so that the treaty could then be put into effect.

Hun Soldiers to Face Trial

Paris.—The first two members of the German military forces charged with crimes during the German occupation of France have arrived at Lille, to stand trial. They are a non-commissioned officer named Straus and Lieut. von Linden, charged with theft and other offences at Halluin and Roubaix respectively. They have been lodged in the Lille citadel pending trial.

Oppose State Purchase of Liquor

London.—Addressing the annual gathering of the United Kingdom Alliance, perhaps the most influential prohibition association here, President Lief Jones declared that any statesman who brought a measure for the nationalization of the drink traffic would not last a fortnight. A delegate who advocated a state purchase encountered much opposition. "Pussy-foot" Johnson addressed the meeting.

Riots Resumed in New York

New York.—Rioting broke out again around the Lexington theatre, when for the second time in a week the Star Opera company produced German opera over the protest of veterans of the world war.

General French Condemns Sinn Feiners

Declares "Government" Has a Strong Army Comprised of Assassins Hired to Murder Police

London.—Speaking at Wallasey, Cheshire, Field Marshal Viscount French, Lord Lieutenant and Governor-General of Ireland, made a bitter attack upon the Sinn Fein government of Ireland. Among other things, he said:

"The self-constituted, illegal and insane Sinn Fein government is possessed of a great secret army called the 'Irish Volunteers,' to which are attached assassins whose business it is to murder policemen and soldiers who question their decrees in any community. The people are frightened into screening the offenders, and courageous efforts on the part of the police are abortive. We are anxious to give self-determination and to be faithful and just to all, but little can possibly be done until the law and order are established. When the people hear of 'coercion' I hope they will consider the matter in a just light."

Plenty of Sugar Soon

Supply Coming to Satisfy West for Six Months

Vancouver.—That the sugar shortage in British Columbia will be materially relieved within the next two months is evident from a statement made by B. D. Rogers, of the British Columbia Sugar Refinery, who said that starting next month a considerably larger quantity would be available, and notice to this effect would be sent to the wholesalers by the week-end. Two vessels from Fiji are on the way, the first carrying seven hundred tons, due here October 27, and the second, with 2,300 tons, coming a week later. Then will follow several cargoes of Peruvian sugar. As to the future, he stated that sufficient raw material is in sight to assure Western Canada an ample supply for the first half of next year.

"Statements have been made before the local board of commerce," said Mr. Rogers, "that there is no shortage of sugar here and that sugar can be bought cheaper in Winnipeg than in this city. Both of these statements are equally untrue. We are doing no exporting from our refinery and were we to ship to Winnipeg the wholesalers would be charged on the Vancouver basis plus freight charges."

"There are four causes, as far as we are concerned, for the present shortage," he continued, "and these are as follows: Re-entry of European nations into the world markets as consumers and not producers; failure of the British India crop, involving the loss of a million tons; increased consumption due to prohibition and action of the United States government and the royal commission in securing the bulk of the world's available supply for their own use."

Will Avoid Politics

Prince Promises to Be Simple Sort of Farmer

London, Ont.—With the Prince of Wales its animated centre, a mob of cheering, laughing, struggling people swept the streets of London, swarming about and over the autos in the procession, climbing on running boards and mudguards in their eagerness to welcome the royal visitor. At the civic reception at the Tecomsh hotel, the Prince addressed a big gathering, referring to his hope that he may be able to make of himself a good Canadian farmer and adding a playful promise that he would keep out of politics and controversies over the tariff. In part he said:

"I have been a farmer in the main since I landed in Canada two months ago, because I went West very soon after my arrival and did not linger long in Ontario, and the West is essentially a land of agriculture. Farmers, I believe, in all respects see eye to eye with manufacturers and business men. As you probably know, I have just bought a ranch in Alberta, and you therefore may expect me to develop strong views about such things as tariffs, which may differ somewhat from your own views. I should like, therefore, to reassure you at once by promising to be a very simple sort of farmer, who will not go into politics at all."

"To be serious, I am genuinely delighted at having this chance to see a very little of the great industrial centres of Eastern Canada, for I know the importance of their industries to the future of the Dominion as a whole."

It is estimated that the coal areas of Canada are 7,500 square miles in extent and contain twenty billion tons of coal.

Mennonites Must Comply With Law

No Deviation From Enforcing School Attendance Act

Winnipeg.—There will be no deviation from the rule of enforcing the School Attendance Act in Manitoba, and Mennonites, like other sections of the community, will have to comply with the law, Dr. Thornton, minister of education, told a delegation of the government to postpone enforcement.

The visit was the result of developments in the municipality of Hanover, Man., following legislation enacted at the last session of the legislature.

Previously Hanover had no public schools, but the government has mapped out the whole district into public school areas and two schools are already in operation, and two others nearing completion.

Committee on Execution of Treaty

Lord Derby Appointed as Delegate to Represent Great Britain

Paris.—The nominations of various delegates to the committee on interpretation and executions of the German peace treaty were put on record by the supreme council. The nominations registered were:

Italy—Count Bonin-Langare, the ambassador to France, and Signor Pisano.

France—Stephen Pichon, the foreign minister, and Philippe Berthelot, political director of the foreign office.

Great Britain—Lord Derby, the ambassador to France.

Japan—Baron Matsui, ambassador at Paris.

Sufferings in Russia

Men, Women and Children Are Falling Dead in the Streets From Hunger

Paris.—Pictures of Moscow's hunger are given in the Figaro by a Russian princess arriving from Russia. "I will not speak of the terrible revolting and odious things that passed in the streets of Moscow," she said, "but only of the hunger incidents I saw with my own eyes and which were repeated day after day. I met a woman and child, ragged and thin as skeletons, the child crying constantly with an unchanging expression of terror. The mother said that the child was hungry and asked for a piece of bread as they had not eaten for twenty-four hours. I opened my purse, but the woman turned away saying, 'No, not money, but bread.'"

"Another time I saw a blonde-haired young girl with arms outstretched, leaning like a living crucifix against a wall and murmuring, 'I am hungry.' Next day she died."

"I have seen children, hardly clothed, hollow-checked, and with forms like shadows, on their knees in the street trying to pick from the paving stones grains of wheat that had fallen from a torn sack. I have seen before bakeries men, women and children stretched on the cold stones, waiting through days and nights their turn to get their meagre ration of bread, and then often falling exhausted and dying at the door steps before they received it."

British Embassy in Berlin

London.—Walford H. Selby has been appointed provisional representative of the British Government in Berlin. He will open the embassy in Berlin as soon as the peace treaty becomes effective. The Associated Press was officially informed to this effect.

Australian Gratuity

Brisbane, Australia.—Premier Hughes in a speech here announced that the soldiers' gratuity of eightpence a day would be paid in negotiable bonds carrying 5½ per cent. interest. The gratuity would cost the Commonwealth twenty-five million pounds sterling.

Bolsheviks Defeated

London.—The Bolshevik forces have been flung back in the Kamishin section, losing 3,000 men, who were taken prisoner, and many machine-guns, according to Gen. Denikin's wireless message. Extremely fierce fighting is reported in that district.

Refuse German Request

Berlin.—The Supreme Council has refused a request from the German government that members of the inter-allied commissions in Germany should not wear uniforms after the peace treaty comes into effect.

Naval Defence For The British Empire

Austrian Constitution Is Amended

Dr. Otto Bauer Chosen Chairman of Commission to Frame New Constitution

Vienna.—The national assembly has eliminated from the constitution adopted recently the provision declaring Austria to be a composite part of Germany. The elimination was determined upon to meet the terms of the peace treaty.

Dr. Otto Bauer, who last week resigned as minister of socialization, has been chosen chairman of a commission to frame a new constitution for Austria.

Bulgaria Wants Trial Of Ex-Emperor

Demands the Arrest and Trial of King Ferdinand

Geneva.—A dispatch received here from Belgrade says the powerful peasant party in Bulgaria demands the arrest and trial of King Ferdinand, and also of former Premiers Radoslavoff and Malinoff, as being responsible for the war and leading Bulgaria into misery and the loss of provinces. According to the dispatch, confiscation of all the royal possessions is demanded.

Sir Adam Beck May Retire

Will Not Stay as Chairman Of Hydro-Electric Unless With a Sympathetic Government

Toronto.—Sir Adam Beck, interviewed, said he knew nothing of the discussion of the newspapers concerning his future course. He intimated that it was very doubtful if he would remain as chairman of the hydro-electric commission.

"On no account will I stay, except I am assured of a government that is in full sympathy with and behind the power development and hydro-radial projects," he said. "It would be useless to attempt to go on otherwise."

Delegates from Austria and Germany

Berlin.—The German and Austrian governments, it is learned, have decided to send delegates to the Washington Labor Conference, inasmuch as the supreme council of the allies has recommended their admittance as fully qualified members.

The delegates of the two nations probably will leave together for Washington soon.

Ottawa.—All Canadian ships sailing for ports in the United Kingdom will be obliged in future to carry a wireless installation and wireless operators, in order to conform to the requirements of an act passed by the British parliament.

Final Efforts To Avert Miners' Strike

Warships Bombarding Fortress of Kronstadt

French Vessels Reported Active on Forth; Are Able to Keep Beyond Range of Fortress Artillery

Copenhagen.—A dispatch to the Politiken from Helsingfors reports that French warships are bombarding Kronstadt. They are able to keep beyond range of the fortress artillery, owing to the long range of their guns.

Spanish King to Visit London

King Alfonso Likes English Life and English Sports

London.—The King and Queen of Spain are expected to arrive here for an indefinite visit. The King prefers to play the part of a private individual, rather than that of an official visitor during his London sojourn, and will stay at the Ritz hotel.

The king will spend some time shooting with the Duke of Westminster.

King Alfonso like English life and English sports. He goes about the streets shopping like any tourist and picks up a cab when he needs one. The former King Manuel of Portugal and the Duke of Westminster are his intimates in England.

Melbourne.—Admiral Jellicoe's report upon the question of naval defence for the British Empire and her colonies in the Pacific ocean and Far East is now before the Australian House.

Lord Jellicoe assumes throughout the report that future danger to the empire and her colonies lies in the Pacific and the Far East. The second dominant note in the report is his insistence of the value of capital ships as the chief weapon at sea. Lord Jellicoe's apparent assumption regarding Canada is that she will readily put her share into vessels and their upkeep.

It is probable that the first vessels for both Canada and Australia will be a gift from the British fleet. He recommends that there be an Australian fleet of two battle cruisers, eight light cruisers and 13 destroyers, besides eight submarines and other subsidiary craft. This is based on the conception of an Imperial Far East sea-going fleet, comprising vessels of the royal navy, the East Indian squadron and the Australian, Canadian and New Zealand navies. Upon these Britain would pay 74 per cent, while Australia would contribute 7.75 per cent, Canada 12.3 per cent, and South Africa and New Zealand the balance.

While Canada's percentage is thus fixed at a comparatively high figure, Lord Jellicoe proposes to bring up the charge against Australia and New Zealand by an additional assessment in view of the fact that they are not called upon to pay any share of the cost in the Atlantic, by asking these colonies to bear 25 per cent. of the 74 assumed by the British in the Far East.

Bolshevik Destroyers Sunk

Three Hundred and Forty-six Lives Lost During Attack in Gulf of Finland

Stockholm.—Three hundred and forty-six lives were lost when two Bolshevik destroyers, in an attack on Estonian craft and British destroyers in the Gulf of Finland, struck mines, according to the Estonian official communication.

Four destroyers, fitted for minelaying, the communication adds, left Kronstadt with the object of supporting a landing of troops.

Wants Russia to Make Peace Offer

London.—Michael Terestchenko, former minister of foreign affairs in Russia, who fled to Sweden from his native country in 1918, has proposed to the state council at Moscow that a peace offer be made to the enemies of Russia, according to a wireless dispatch received here from Berlin. It is reported an official representative of the United States is in Moscow and is willing to submit the offer to the allies.

Final Efforts To Avert Miners' Strike

Washington.—While committees representing miners and operators, making a final effort to avert the strike of half a million miners on November 1, were on the verge of parting for good, Secretary of Labor Wilson held them together, overnight at least, with a wage increase proposal that ignored union demands for a 34-hour week.

There was every assurance that the operators would accept it, and every indication that it would be rejected bodily by the miners.

Refusal of the miners to accept will bring the conference to a close and force government officials to resort to other means to prevent the closing of the mines with the first approach of winter.

Secretary Wilson's offer, which prevented acute disruption of the proceedings, set forth the following: That wages be increased at the expiration of the present contract in an amount equal to the differences between increases in wages received by the mine workers since July, 1914, and the increase in the cost of living since that date.

That the increase be effective from the termination of the present agreement until March 31, 1920.

That on these conditions the strike order be withdrawn and that the miners continue at work on these terms; that negotiations be entered into at the usual time for making the new scale effective after March 31, 1920.

Auto Accident With Ry.

Accidents resulting in death
through automobiles being struck by
railway trains have been the cause
of enquiry of more coroner juries the
past six months than any other cause.

Almost every one of these accidents
can be traced to either carelessness or
abstraction on the part of the auto-
mobile driver. They do not seem to
take into consideration the speed of
the train or the fact that it cannot
leave the rails to avoid hitting the
road vehicle.

Engineers on railway trains have
asserted that their nerves have been
put on the ragged edge by automobile
drivers who will insist on attempting
to cross the highway ahead of the
train. Engineers can see the auto-
mobile approaching for several miles
on the prairie and they know instinc-
tively that if both keep on going
somebody will be killed. The en-
gineer cannot stop and the automobile
driver does not seem to sense the
danger. Even if he sees that he can-
not pass ahead of the train he will
rush at full speed to a point just as
close to the moving train as possible
relying on his brakes to hold.

The public should be aroused to the
danger everywhere existing through-
out the attempted bravado of the man
who is driving the automobile.

H. S. Arkell, Live Stock Commis-
sioner, who has recently returned
from a trip to Europe where he has
reviewed the live stock market situa-
tion, has expressed his views, regard-
ing Canada's position, in the October
number of The Agriculture Gazette.

He states that the London agents of
our Canadian packers reviewed in
disappointment the orders for Cana-
dian goods—bacon, eggs, etc.—for
which they could obtain but a tenth
of the product they required. The un-
warranted high price of hogs in Cana-
da during the past month is but a
reflection on the reputation of Cana-
dian bacon, as compared with Ameri-
can, and demonstrates the effort of
our packers to maintain their con-
nection with old established clients in
the face of short supplies. Since Den-
mark, within a year, will again be a
factor on the bacon market our only
security for the future is full pro-
duction and such a substantial export
supply as must command recognition
by its volume and quality. Short hog
production is unquestionably the most
dangerous policy Canada can adopt.
This is true of eggs as well as bacon.

Ford

"A Joan of Arc Machine"

"SHE withstood everything in the field and
above all was, and still is, the last and
only car to survive until the cessation of
hostilities"—Extract from letter received by
Ford Motor Company from a British Soldier,
in Africa.

Over shell-torn roads, through water soaked fields, second
only to the tanks in its power to climb debris and crater holes,
the Ford car made a world famous record in the fighting area
of the great war. In press despatches, in field reports, in
letters, in rhyme and song the praises of the Ford were sounded.

In France - 700 cars out of 1,000 were Fords
In Italy - 850 cars out of 1,000 were Fords
In Egypt - 995 cars out of 1,000 were Fords
In Mesopotamia - 999 cars out of 1,000 were Fords

The Ford power plant that established this world-wide record
in every theatre of the war remains the same. It will be in
the Ford you buy.

Ford Runabout 6000. Touring 8000. On Open models, the Electric Starting and
Lighting Equipment is \$100 extra.
Coupe 9000. Sedan 1175 (closed model) prices include Electric Starting and Lighting
Equipment. Removable rims, tire carrier, and non-skid tires on rear as optional
equipment on closed cars only at \$40 extra. These prices are F.O.B. Ford, Ont., and do
not include War Tax.

Buy only Genuine Ford Parts. 700 Canadian Dealers
and over 2,000 Service Garages supply them.

Red roan gelding, about 9 years old, two white hind feet, star on forehead, weight about 900 lbs., branded

Bay gelding, two hind feet white, star on forehead, saddle marks on back, weight about 850 lbs., about 8 years old, branded

Bay gelding, four white feet, white strip on face, white nose and mouth, about four years old, weight about 900, branded left neck

Bay gelding, right hind and right front foot white, white face, weight about 1200 lbs, about 4 years old, branded left shoulder

Iron grey gelding, right hind foot white, weight about 1250 lbs., age 5 years, branded right hip and left shoulder

Iron grey mare, left hind foot white, weight about 1000 lbs, age about four years, branded on left shoulder and right shoulder

Dark brown gelding, star on forehead, small white strip on face, age about 3 years, weight about 950 lbs., branded left shoulder and CX left hip

Pinto gelding, aged, weight about 1000 lbs., branded left shoulder and S left hip

Brown mare, star and strip on face, right hind and right front feet white, weight about 1200 lbs., age about six years, old cut on left hip, unbranded foal at foot, branded left hind

Buckskin gelding, white face, aged, weight about 700 lbs, branded on left shoulder

Bay mare, two hind feet white, star on forehead, white strip on nose, weight about 750 lbs, age about two years, branded right shoulder

Pinto gelding, aged, weight about 800 lbs., saddle marks on back, branded on left shoulder and C on right hip

Bay gelding, right front foot white, white strip on face, weight about 800 lbs., age about six years, branded left hip and on left shoulder

Chestnut gelding, right hind and right front feet white, white strip on face, saddle marks on back, cut ear on left hip, aged, weight about 750 lbs., branded right rib and right hip

Black gelding, star on forehead, a little white on left hind foot, age about 3 years, weight about 850 lbs., branded on left shoulder and on left hip

One Bay mare, left hind foot white, weight about 300 lbs., age about three years, unbranded foal at foot, same brands as above

Dark roan mare, white face, right front foot white, left hind foot white, weight about 1200 lbs., age about 5 years, branded left shoulder

Bay mare, two hind feet white, left front foot white, white star and stripe on forehead, weight about 750 lbs., aged, unbranded foal at foot, mare, branded on right shoulder and on right hip

Chestnut mare, white star on forehead, wire cut left hind leg, weight about 900 lbs., aged, unbranded foal at foot, branded left shoulder

Black mare, white star on forehead, weight about 1050 lbs., age about 3 years, branded Last letter blotched

Black mare, white star on forehead, cut on left hind leg, weight about 1050, and left J shoulder

Chestnut mare, star on forehead, one year old, no visible brand

Brown mare, right hind foot white, white strip on face, weight about 900, age about 5 years, branded left shoulder and on right shoulder

Dark brown mare, white strip on face, right hind foot white, piece of wire in right ear, weight about 850 lbs., aged, unbranded foal at foot, mare branded on left shoulder

Bay mare, white star on face, white strip on nose, collar mark, weight about 1100 lbs, aged, branded on left hip

Iron grey mare, about 4 years old, weight about 1000, unbranded foal at foot, mare branded left hip

Buckskin mare, one white hind foot, white face, weight about 800, age about 3 years, branded on right hip and on right hip

Buckskin mare, four white feet, white strip on face, one year old, No visible brand

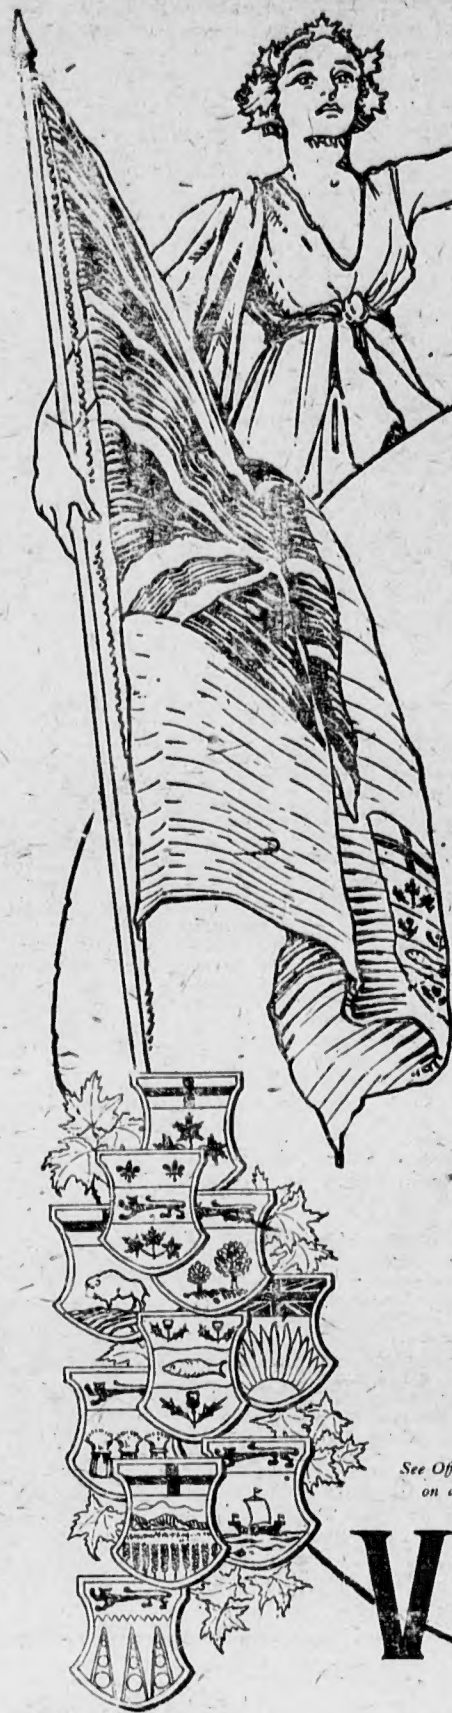

Bay gelding, both hind feet white, about two years old, branded on left shoulder

Bay mare, left hind foot white, white strip on face, one year old, No visible brand

Chestnut gelding, two hind feet white, white star on forehead, one year old, No visible brand

Pinto mare, aged, weight about 700 lbs., unbranded foal at foot, mare branded 10 right neck

Bay mare, about 1100 lbs., age about 3 years, branded right shoulder

Canadians!

This is a call to National Service—
The Victory Loan 1919
which opens to-day.

YOU are citizens of no mean country.

Canada is a fair, free land.

Canada is your country.

Canada—now—has need to borrow from you—Lend:

Lend without restraint of politics or fine distinctions of creed or party.

The leaders of the political parties endorse the Loan.

It is CANADA that asks:

And why—

To clean up the last of the War's commitments and expenses;

To establish beyond all question the capacity and credit of your country;

To care for the wounded and maimed soldier;

To finance the bonus of the returned soldier already paid;

To enable the fruits of Victory to be garnered;

To ensure the prosperity of you, her citizens.

The guns of war are silent—but they are not yet cool.

The Victory Loan 1919 is a War Loan.

Canada's book of war is gloriously written—make this, the closing chapter, a worthy one. The responsibility is yours. LEND!

LEND! LEAD!

QUEENSTOWN

BY JOHN GLAMBACK

Our boys finished their job and
its up to us to do our share—buy
Victory Bonds.

Mr. and Mrs. G. L. Macomber will
leave for California and other south-
ern places the end of the present week
to spend the winter months.

Mr. Guttorm Tarem and Miss Hilda
Olson, both of Queenstown, were mar-
ried at Calgary last week. Mr.
Tarem owns a homestead in the
Buffalo Hills.

The hard frost the first week in
October raised Cain with the spuds and
the farmers who did not dig them
before, now wish they had done their
digging in time.

The famous "Harmony Five" Or-
chestra of High River have been en-
gaged to play at the returned soldiers
ball on November 7th. So if you want
a real fine time don't stay away.

John L. Eble and family are getting
ready to leave the district again for a
time. Mr. Eble goes to visit friends
in the State of Washington and from
there to visit his mother in Southern
California.

It looks as though Bassano made a
great mistake when the Majorville
farmers were forced into the Bassano
hospital scheme very much against
their wishes. But as the old saying
goes "It's an ill wind," etc. Bassano's
loss is Cluny's gain. Yes, all the Ma-
jorville farmers, who formerly hauled
their grain to Bassano, now haul it
to Cluny and it will mean a whole
lot to Cluny, as the Majorville district
is "some real spot" when it comes to
grain growing.

It may hurt some this year to
buy Victory bonds. But our boys
never squealed on the battle field.

Milo is gradually taking on the real
aspect of a town. Every Saturday
afternoon and evening, same as in
other towns, a whole lot of farmers
from the surrounding district go to
Milo to get their mail at the post
office, business at the bank, buy their
week's supply of groceries at the
store and get a shave at the barber
shop, (that is the men do). Great
crowds hang around the store and
barber shop in the evening and swap
stories, discuss politics, etc. Then
there are usually meetings or some-
thing else going on in the hall. Yes,
we are practicing the old town game
and some time in the dim future,
when we get a real town out here,
we shall know how to act. The Milo
barber shop is no longer on wheels.
Mr. McHall, our popular young bar-
ber, bought a vacant house, which he
has fixed up in proper style and he
intends to put in a pool table, so the
Milo youths can enjoy themselves in
that line.

Local and District News

Prof. Barry will open his class in
horse training, on Monday, Nov. 8.
All horse lovers should sign up at
once.

Mrs. R. C. Clifford is prepared
to give lessons in hand painting.
Apply at residence Griesbach Street,
east of Fourth Avenue.

On November 11—Armistice day
—the Gleichen branch of the G. W.
V. A. association announce they
will give another one of their de-
lightful dances in the Opera House.

The Gleichen Citizens Band has
arranged to give another of their
popular dances on Nov. 21. New
uniforms is the idea. By all means
let us help the boys come out in
style.

The Gleichen's Women's Institute
will meet Thursday evening, Oct.
30, at 8 o'clock, at the home of
Mrs. T. W. Bates. Roll call, "My
best saving device". Discussion on
sewing and miscellaneous shower.

Don't forget the great ball to be
given in honor of the returned
soldiers on Nov. 7th. It will be the
event of the season at Milo. The
Queenstown, Milo and Majorville
ladies are depended upon to bring
the sale.

Ruddy Cheeks, Sparkling Eyes, Womanly Health

Thousands of Happy Girls and Women Endorse the Treatment

BRINGS KEEN APPETITE; GOOD SPIRITS

Women who are all played out, droopy, pale, nervous, and irritable will certainly be greatly interested. So will folks who are embarrassed with pimples, rashes, and pallid complexion.

The real joy of living is best known to those who keep the blood pure and the system toned by the use of Dr. Hamilton's Pills, a soothing, tonic laxative that puts health, vim, and spirits into those who lack these qualities.

You will be stronger, better nourished, in better spirits, and sleep better after using Dr. Hamilton's Pills.

This wonderful medicine will do you good in a hundred ways. It will put spring in your step, an attractive brightness in your eyes, and on your cheeks will be stamped the glow and blush of a June rose. All this is possible because Dr. Hamilton's Pills bring about vigorous digestion, perfect assimilation, pure blood, and a proper working of all the organs.

The benefits from Dr. Hamilton's Pills come about in a natural, soothing, easy way, and girls and women of all ages are advised to try this old-time family remedy, which is sold by all dealers in 25c boxes.

THE COW PUNCHER — BY — ROBERT J. C. STEAD

Copyrighted, Canada, 1918, By The Mussion Book Co., Ltd., Toronto. Printed By Special Arrangement.

(Continued.)

"I tell you," said Carson, warming up to his subject, "this is an intricate game, this life business. Pretty seedy in spots, but, after all, most people are merely victims of circumstances. And if circumstances place a five-spot in your hand today, accept what the gods bring you. Tomorrow they will take it away.

"See this suit," indicating his attire, which greatly outclassed Dave's. "A friend gave me that. I get all my suits that way. When a scrap occurs in a bar-room; a booze riot, or knife-fight, or something goes wrong upstairs, I just mention that it took place in 'a down-town hotel.' Then I order myself a suit, or something of that kind, and have the tailor send his bill to the proprietor of the joint. He pays. If he doesn't, next time I name his tavern right in the story."

"Don't you call that graft?" asked Dave.

"Graft? Nonsense! Merely an exchange of courtesies. There are others, too. You'll get wise to them in time."

But Dave was by no means satisfied with Carson's philosophy. He went to his editor with the five dollar bill and the police court incident. "What shall I do about it?" he demanded.

He fancied there was a note of impatience in the editor's reply. "Give me the money to the Salvation Army," he said, "and forget about the rest. Isn't it Kipling who says 'There comes a night when the best gets tight,' and so on? We could tell the story, but what good would it do? And let me tell you, Elden, there are mighty few, men or women, who have gone half-way through life without something they'd like to forget. Why not let them forget it? You're young yet, and perhaps you don't see it that way, but you'll be older. There's a verse by somebody runs like this:

"Don't take the defensive by saying 'I told only just what was true.' For there's more at that game might be playing. If the truth were all told about you."

"That may be bad poetry, but it's good journalistic ethics." But after Dave had gone the editor called his business manager. "I guess we'll have to raise Elden to thirty dollars a week," said he. "He's so honest he embarrasses me, and I guess I need that kind of embarrassment, or I wouldn't be embarrassed."

CHAPTER NINE

While the gradually deepening cur-

Your Eyes

Granulated Eyelids, Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by Marine Eye Remedy. No Smarting, Just Easy Comfort. At For Sale of the Eye Free Write Marine Eye Remedy Co., Chicago.

rent of Dave's life flowed through the channels of coal heaver freight hustler, shipping clerk, and reporter, its waters were sweetened by the intimate relationship which developed between him and the members of the Duncan household. He continued his studies under Mr. Duncan's directions; two, three or even four nights in the week found him at work in the comfortable den, or, during the warm weather, on the screened porch that overlooked the family garden. His duties as reporter frequently called for attendance at public meetings devoted to all conceivable purposes, and he was at first disposed to feel unkindly toward these interruptions in his regular studies. He raised the point with Mr. Duncan.

"One thing I have been trying to drill into you," said his tutor, "is that education is not a thing of books or studies or formulae of any kind. It is the whole world; particularly the world of thought, feeling and expression. It is not a flower in the garden of life; it is the garden itself, with its flowers, and its perfumes, and its sunshine and rain. Yes, and its weeds, and droughts, and insects and worms. There is a phase of education in the public meeting, whether its purpose be to discuss the municipal tax rate or the flora of the Rockies. You can't afford to miss any subject; but still less can you afford to miss the audiences that are interested in any subject. They are deeper than any book. There are all kinds of audiences. There is the violent audience and the mysterious audience, and the sentimental audience, and the whimsical audience, and the hysterical audience,—and every other kind. And the funny thing is that they are all made up of much the same people. Take a sentimental audience, for instance: a few passes, and you have an hysterical audience. It is a difference of moods. We are all subject to moods, and yet we judge a new acquaintance by the mood he happens to be in—and the mood we happen to be in—at the time of making the acquaintanceship. Another day, in other moods, he would make a quite different impression—if the impression already made could be effaced. I have a theory that the world's sorrow is largely a matter of moods. I don't deny the sorrow, nor the need for sorrow, nor the reality of it, but I do believe there is a mood of happiness which even the deepest sorrows cannot suppress. And the more you study people the more you will understand moods, and, perhaps, be master of your own. And the man who can, by force of his own will, determine the mood in which he will live, is master of the world."

So Dave came to realize that every incident in the reportorial round was to be assimilated for its educational value, and this lent a zest to his work which it could not otherwise have had. But the attraction of the Duncan household grew upon him, and many an hour he spent under its hospitable roof. Mrs. Duncan, motherly, and yet not too motherly—she might almost have been an older sister—appealed to the young man as an ideal of womanhood. Her soft, well modulated voice seemed to him to express the perfect harmony of the perfect home, and underneath its even tones he caught glimpses of a reserve of power and judgment not easily unbalanced. She was a woman to whom men might carry their ambitions, and women their hopes, and little children their wonderings, and all be assured of sympathetic audience and wise counsel. And as Dave's eyes would follow her healthy, handsome figure as it moved noiselessly about in her domestic duties or as he caught the flush of beauty that still bloomed in her thoughtful face, or as at rarer intervals he plunged into the honest depths of her frank grey eyes, the tragedy of his own orphaned life bore down upon him and he rebelled that he had been denied the start which such a mother could have given him.

"I am twenty years behind myself," he would reflect, with a grim smile. "Never mind. I will do three men's work for the next ten, and then we will be even."

And there was Edith—Edith, who had held him rapture-bound on that first Sunday in church—Edith, who had burst so unexpectedly upon his life that first evening in her father's home. He had not allowed himself any foolishness about Edith. "It was evident that Edith was pre-empted, just as he was pre-empted, and the part of honor in his friend's house was to recognize the status quo."

Still, Mr. Allan Forsyth was unnecessarily self-assured. He might have made it less evident that he was within the enchanted circle, while Dave remained outside. His complacency irritated Dave almost to rivalry. But the boon camaraderie of Edith herself checked it in two ways; by her own frank acceptance of him

much as she would have accepted a brother in the household, and by her uncanny and unconscious knack of reminding him in almost every word and gesture of Reenie Hardy; a little slither, perhaps; and about the same age; and she had the same quick, frank eyes. And she sang wonderfully. He had never heard Reenie sing, but in some strange way he had formed a deep conviction—that she would sing much as Edith sang. He was not yet a psychologist enough to know that his admiration for Edith was the reflex action to his love for the girl who had so wonderfully invaded his foothill life and so wonderfully changed the current of his destinies. In love, as in religion, man is for ever setting up idols to represent his ideals. . . . And forever finding feet of clay.

(To Be Continued.)

Seeing on the Water

At a height of one foot from the water an object can be seen at 1.32 miles; at six feet elevation the range of vision is increased to 3.23 miles, while at 10 feet the horizon is increased to .16 miles. This in clear weather puts great limitations upon the sight of a submarine periscope, as all merchant vessels were keenly on the lookout for such.

LET "DANDERINE" SAVE YOUR HAIR

Check ugly dandruff! Stop hair coming out and double its beauty

A little "Danderine" cools, cleanses and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the furnished hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, or getting thin, dry or fading.

After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows new life, vigor, brightness, more color and thickness. A few cents buys a bottle of delightful "Danderine" at any drug or toilet counter.

Big Shipping Transaction

Harland & Wolff Now Largest Ship-

builders in World
Messrs. Harland & Wolff, shipbuilders, of Belfast, have acquired the business of Messrs. D. & W. Henderson, Ltd., Meadowside, Partick, and of A. & J. Inglis, Ltd., Pointhouse, two of the biggest shipbuilding firms on the Clyde. There will be no change in the management of the yards, which are capable of turning out vessels between 400 and 450 feet long. Harland & Wolff recently purchased Cairds of Greenock, and are interested in other Clyde concerns. Meadowside yard is notable for the construction of Anchor liners and famous yachts, including King Edward's and the former Kaiser's, while the Pointhouse yard has produced a number of passenger and cargo ships of moderate size. The transactions were carried through by Lord Pirrie, on behalf of Harland & Wolff, who are now the largest shipbuilders in the world.

Hindenburg in Mufti

Any day Hindenburg can be seen going for a walk with his wife and their little dachshund in Hanover. Hindenburg is a striking example of the difference made by the uniform to the average German.

Hindenburg in mufti is not in the least like himself. Wearing a short, rough coat and a panama hat, and not very well cut trousers, his burly figure looks as though it were bursting out of its clothes. His straight-backed head runs without a pause into the bull neck, for which no ordinary collar looks large enough.

Frau von Hindenburg has flat hats, tightly screwed hair, wears her skirts long, and smiles with vigor.

Canada's Fish Catch

During the month of August the total value of the sea fish brought to the various points of landing in Canada increased by \$225,882, as compared with the same month last year. The total value of the fish taken on both coasts was \$4,485,722. Especially on the Atlantic coast was the increase noticeable, the catch of cod, haddock, hake, and pollock being some 20,000 hundredweights greater than the catch in August of last year.

The Return of Modern Crusader

The British Cheers Which Welcomed General Allenby

A gray sky, such as can often be seen in London. The drab, almost mean houses in the Wilton Road, Victoria. What sterner contrast could be found to that entry into Jerusalem not two years ago? The usual snapshots, mounted on railings, cornice, window ledges; a typical crowd of the unemployed, of the curious, the interested, the appreciative. Many soldiers who had served under the great general, and who adored him, knowing him to be a deliverer, as well as a leader of men. Other soldiers who, only knowing of him, recognized him as the last of the great crusaders. The man who entered Jerusalem to give it "a complete freedom for all faiths," and who in later victories occupied Damascus, Beirut, and Aleppo, finally compelling Turkey to ask for peace.

Many who stood in the waiting crowd must have compared this day with that entry into Jerusalem, have pictured instead of gray clouds the brilliant sunshine of the East, instead of the sober-hued assembly, the motley dress, the oriental splendor. But the British cheers which welcomed General Allenby may have made up for guttering appearance, and those at least who had served under him were glad to wait long for him, and never wearily, telling the wonders Allenby had done to those who were near enough to be within hearing. Even at the end they remained unquainted, when the motor passed in a dash, bearing him home, without escort, without music, and when, for the rush the people made, his greatest admirers lost their view of him.

"I only see the top of 'is at. It don't make no difference, I should know 'im blindfold." A pavement philosopher! He had given his cheer, a lusty one; had given, although he got nothing in return, but with smiling face and greatest pride he plodded home—"I see the top of 'is at."

On the platform at Victoria Station Earl Athlone greeted General Allenby on behalf of the King. Lord Haig was there; so were Sir Eric Geddes, Gen. Sir Archibald Murray, Lieutenant-General Bullfin, Sir Hugh Rich-ardson, Gen. Sir Philip Chetwode, Gen. Sir Nevil Maccready, Gen. Sir G. Fielding, commanding the London district, Admiral Sir Montague Browning, representing the Admiralty, and, outside, by the curb, the man lately demobilized, whose enthusiasm led him to believe he would know his general even if he were blindfolded.—Christian Science Monitor.

Success For Western Canada

Captured Many Prizes at Soil Products Exhibition

At the fourteenth International Soil Products Exhibition held at Kansas City recently, competitors from Western Canada captured nearly all the prizes for which they contested, including three open sweepstakes—again proving that Canada can produce grain which will hold its own with that of any other country.

Farmers from Manitoba were especially successful, winning seven cups, four state championships, two county competitions, thirty-four firsts, fifteen second awards and ten thirds. J. S. Fields, of Regina, Saskatchewan, won first, sweepstakes and the C.P.R. special cup for wheat and first and sweepstakes for white oats, while two additional sweepstakes and numerous cups and honors testify to the quality of grain grown in Saskatchewan.

Western Canada's 1919 Crop

While exact figures are not yet obtainable, wheat authorities now seem to be conforming to the general opinion that Canada's total yield of wheat this year will be 248,000,000 bushels, as compared with 189,000,000 bushels last year. Of this crop the share of the Western Provinces is 166,000,000 bushels, or over two-thirds of the total yield.

In addition, one of the most reliable sources in Canada has estimated that the West will produce 227,000,000 bushels of oats, 37,000,000 bushels of barley, 6,000,000 bushels of flax and over 2,000,000 bushels of rye.

Moving Canada's Crops

Railway officials at Winnipeg, Manitoba, report that all records have been broken this fall for the rapid movement of grain. The greater part of the grain will be out before navigation closes, they claim. For the first seventeen days of September, 6,563 cars were sent out of Manitoba over the Canadian Pacific Railway, as compared with 2,290 last year during the same period. There is plenty of rolling stock to handle the movement, the officials stated.

Only a man with a good substantial income can afford to write poetry.

Stuffy Head Cleared Of Catarrh Germs By "Catarrhzone"

To catarrh victims we have just one word of advice—cure it now. The remedy is "Catarrhzone." That will cure permanently you cannot doubt. Catarrhzone has cured thousands; it will cure you, too.

It acts in two ways: First, it destroys the germ—that checks the progress of the disease. Its second action is to heal the sore places the germs caused. Nice to think of breathing little drops of healing to every part of the lungs, bronchial tubes and nasal passages. It is such absolute thoroughness that makes Catarrhzone so effective in grippe, catarrh, and colds. Then by its sedative influence upon the mucous surface it clears away the cough and throat tenderness very quickly. We owe something to a science that has given us Catarrhzone—that wonderful remedy which so surely enables us to permanently cure disease of the breathing apparatus. We all know that stomach dosing is useless, and this departure in the mode of treatment is an advance in medical science that everybody can appreciate and value. Complete outfit of Catarrhzone, which is guaranteed to cure any case of catarrh, asthma, bronchial or throat troubles, lasts three months, price \$1.00; smaller size, 50c; trial size, 25c; sold everywhere.

The Oldest Egg

Buried in the Earth for Something Like Nineteen Centuries

Just before the war began, during excavations in the ancient Moguntia, under the auspices of the Archaeological Society of Mayence, there was found a hen's egg which was estimated to have lain buried in the earth for something like nineteen centuries.

Moguntiacum was built by Drusus, the son of the Roman Emperor Augustus, in the year 14 B.C. Upon the site of the ancient Roman castrum or encampment near the city the excavations in question brought to light many interesting relics, including some water cisterns of Roman make. It was in one of these, which was located some twenty feet below the surface, that a damaged Roman claypot was discovered, containing the shell of a broken egg and also a whole egg that had been kept from being smashed by a shred of the damaged pot, which covered it. The ancient egg was deposited in the municipal museum.

Drawing It Fine

Arabian women while in mourning abstain from milk drinking on the ground that the color of the liquid does not harmonize with their mental state.

Havana has one of the finest boulevard systems in the world, including nearly 200 miles of paved streets.

It's as cowardly to speak ill of a man behind his back as it is dangerous to say it to his face.

Sunflowers Ideal Forage Crop

Careful Experiments to Determine Relative Values of Various Fodders

It would seem to be settled beyond doubt by the experiments of Professor G. H. Hutton, superintendent of the agricultural and animal industry branch of the Canadian Pacific Railway, conducted at its experimental farm at Strathmore, Alberta, that sunflowers are the ideal forage crop of this province, if returns in tons per acre are any criterion of crop values.

Two and a half acres close to the buildings on the farm were sown in rows three feet apart this spring, irrigated and properly cultivated between the rows, and the crop, which has just been cut and placed in silo, was accurately weighed, and the result showed a yield of 39.6 tons to the acre, green weight placed in silo. As there is moisture at the rate of 2.41 per cent. in sunflowers, this would give a yield of dry matter per acre of a little over six tons.

Corn raised under similar conditions at Strathmore returned 14 tons to the acre, and the moisture in corn being 78.72 per cent., the return in dry matter was 2 4/5 tons per acre. Peas and oats returned seven tons of green forage, and the moisture percentage in this crop amounted to 62.64 per cent., the weight of dry matter was 2 3/5 tons per acre.

Results as given by experiments conducted at the state experimental farm in Montana last year showed a high food value in sunflowers giving that ensilage an equal value with corn ensilage as feed for dairy cattle, and as being far superior to either corn or oats for sheep, but during this coming winter Professor Hutton will conduct careful experiments at Strathmore to determine the relative values of these various fodders when ensiled.

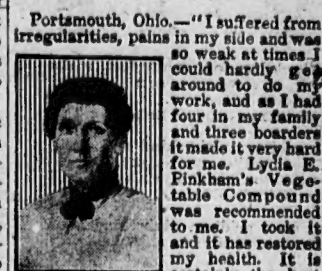

The results will be watched with the greatest interest by farmers, ranchmen, and the public generally, to whom the question of forage for winter feed under irrigation conditions is a matter of supreme interest, involving, as it does, the capability of the country to sustain a much larger proportion of livestock to the acre than is possible under present conditions.

A hundred acre farm just outside of Bronte, near Hamilton, has been sold to Fong Yung, a restaurant proprietor in Hamilton, for \$36,000. The new owner intends to utilize the farm for the production of vegetables and small fruits for his tables, and also for sale on the local market.

The Brazil nut tree does not begin to bear fruit until it attains the age of 50 years or thereabouts, and continues to produce crops intermittently; trees known to be hundreds of years old have produced crops.

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for women's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did. Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its forty years experience is at your service.

Another Irrigation Project

Southern Alberta Farmers Are Strong For It

Farmers north of Lethbridge, Alberta, representing 208,000 acres, have voted by an overwhelming majority for the creation of the Lethbridge-Northern irrigation district, and elected their first board of trustees. This is the first step in the creation of any of the large irrigation districts in southern Alberta under the Alberta Irrigation District Act, but will be followed by the erection of a number of other large districts east and south of the city.

The Lethbridge-Northern Irrigation District will now proceed to prepare an official assessment roll, and, after receiving plans and estimates of the irrigation system from the Dominion irrigation branch, will issue bonds covering the cost of the proposed construction. These bonds the Dominion and Provincial governments will be asked to guarantee.

The water for the project will be taken from the Old Man river west of Macleod, Alberta.

PILES
Do not suffer another day of itching, bleeding, or protruding Piles. No surgical operation required, and as certainly cure you. See a postcard, or write to Dr. Chase's Ointment will relieve you at once. Dealers, or Edmundson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 5c. stamp to pay postage.

UNIFORM

FOR ALL USES

IMPERIAL Royalite is a superior quality coal oil, highly refined and highly efficient for heat, light and power. It burns without smoke or soot, and every gallon is uniform.

You can't buy better, cleaner, more satisfactory coal oil in Canada than Imperial Royalite. It is not only wise to buy Imperial Royalite on the basis of quality and efficiency, but you thereby effect a saving that amounts to many dollars in the course of a year.

Used in oil heaters and stoves, Imperial Royalite Coal Oil gives economical, dependable heat. It's equally efficient for tractors, stationary engines or oil lamps.

You can get Royalite everywhere, any time. Country stores and dealers in cities and towns sell it.

IN MEMORIAM

McDONALD—In memory of Pte. Charles McDonald, who died of wounds at Paschendale Ridge, 28th October, 1917, son of Mr. and Mrs. P. F. McDonald, of Cluny. "Sleep on dear son your work is done. The crown is o'er you, the flag is won! Rest on in peace on Belgium's shore, For pain and sorrow are no more."

Local and District News

You are going to the dance next Friday?

Ronald Elder has been seriously ill in a Calgary hospital, but is said to be now improving nicely.

The Queenstown Farmers Union and new U.F.W.A., women's local, meet in the Milo Hall at 8 o'clock the last Saturday evening in each month.

Now that the movies start at 8:15, will somebody kindly muzzle a few of the screechers and shovel out the cigarette smoke then it will be nice to take your beau there occasionally.

A light form of chickenpox is quite prevalent about town and the school attendance is seriously effected, there being 29 pupils absent from one room. The spread of the disease is attributed to failure of parents to report to the health officer, who has asked The Call to remind the public that failure to report such cases calls for a fine of \$50. Take a friendly warning.

Starting on Saturday evening the moving pictures will start sharp at 8:15 and every person should govern themselves accordingly. This move on the part of the manager will be appreciated by all and those who cannot avoid coming late will show their appreciation and good breeding by coming in quietly and remaining near the door until the reels are being changed.

At the ripe old age of 95 Eugene Gourdiene past away on Sunday last, November 23, at the home of his son at Ouelletteville. There survives this kind old gentleman two sons and three daughters. He was born in Belgium and came to Canada 47 years ago, settling in the province of Quebec. Four years ago he came west and has resided since with his son at Ouelletteville.

TESTIMONIAL

To whom it may concern:

We the undersigned citizens of Cayley district, do hereby testify that Prof. Barry's system of handling wild and unbroken horses, and curing them of vices and bad habits, is very satisfactory and productive of good results. We found Prof. Barry able to do everything he claims to do with horses. He is the only horse trainer that ever travelled the west and challenged the public to bring in an outlaw which he could not control and in less than ninety minutes bring them under his full control. The secret of his success is the kindness he displays to the animals in handling. His method is a marvel of scientific simplicity and perfection. Signed

E A Keller.
